EXAMINER BLUEPRINT — What Gets Tested Most

Polity is a high-yield subject. In SSC CGL, CHSL, and RRB exams, Polity gives you 5–10 questions per paper. In IBPS PO/Clerk and SBI PO papers, Polity is part of General Awareness and appears regularly. In state PSC exams, it can be 25–40 questions. Here is what examiners actually ask, in order of frequency.

⚠ EXAM ALERT

****Top 7 exam hotspots (memorise these first)**** 1. ****Constitutional Articles by number**** — "Which Article deals with X?" questions appear every paper. Art 32, 21, 21A, 19, 14, 17, 32, 226, 352, 356, 360, 368 are the most-asked. 2. ****Constitutional Amendments with years**** — 42nd (1976), 44th (1978), 52nd (1985), 73rd/74th (1992), 86th (2002), 103rd (2019), 106th (2023). Know year + what changed. 3. ****Constitutional vs Statutory vs Executive bodies**** — A guaranteed 1–2 marks in every exam. Election Commission = constitutional; NHRC = statutory; NITI Aayog = executive. 4. ****The 5 Writs**** — Habeas Corpus, Mandamus, Prohibition, Certiorari, Quo Warranto. Know what each means and which courts can issue them. 5. ****12 Schedules**** — What each contains, which Amendment added Schedules 9–12. 6. ****Landmark cases**** — Kesavananda Bharati (1973), Maneka Gandhi (1978), Indra Sawhney (1992), Puttaswamy (2017), Kesavananda (basic structure). Know case + what it decided. 7. ****Current officeholders**** — President, Vice-President, CJI, CAG, CEC, Lokpal Chair. These are asked every session.

✓ KEY FACT

****Study priority order**** — if your exam is 2 weeks away, study in this sequence: 1. Articles (the "which article" question = guaranteed marks) 2. Amendments + years (5 marks minimum every paper) 3. Constitutional vs Statutory bodies table 4. The 5 Writs + which court issues which 5. 12 Schedules + what changed when 6. Emergency provisions — 3 types, 3 Articles (352 / 356 / 360) 7. Landmark cases — 6 most important 8. Parliamentary procedures (Money Bill, Zero Hour, Question Hour) 9. Centre-State relations (7th Schedule + 3 Lists) 10. Current officeholders (check the "What's New" table at top)

What's New This Year (Polity)

Items below **CHANGE** — re-check before any exam if your prep is later than Q3 2026. The rest of this book (Articles, Schedules, Amendments dates, landmark cases, historical PMs/Presidents) is **static and stable** — does not need re-verification.

How To Use This Book

Polity rewards students who understand the logic of the Constitution, not just its numbers. This book is written for first-time readers and experienced aspirants alike. Here is how to get the most from it.

Read actively, not passively. When you encounter an Article number, say it aloud. When you read a landmark case, try to recall what it changed. When you hit an "Exam hooks" section, test yourself before reading the answers. Passive reading feels productive but scores zero marks.

Story first, facts second. Every chapter opens with the context — why this Article was written, what crisis triggered it, which debate shaped it. Once you understand the *why*, the facts stick on their own. Constitutions are not written in vacuum; they are written by frightened, brilliant, exhausted people under extraordinary pressure. This book tries to show you those people.

Use the memory aids. The mnemonics, the house-walk palaces, the "FEAR-CC" acronyms — these look silly on paper and work beautifully in the exam hall. Use them.

The "Quick-recall" sections at the end of each chapter are the most important pages. After reading a chapter, close the book and try to answer those points cold. If you can't, re-read just the section you struggled with. One pass through the material is reading; your exam performance depends on what you can *recall under pressure*.

How long this takes: A focused aspirant covering this book end-to-end takes about 15–18 hours. Three quick revision sweeps (one per week in the weeks before the exam) take another 6 hours. That is 24 hours total for a subject that can deliver 25–40 marks in any PSC exam or 5–10 marks in SSC/Banking exams. The return on investment is exceptional.

The one rule of this book: if you are reading a page and thinking "I'll come back to memorise this later" — stop. Come back to it now. There is no later in exam prep. Do it once, do it right.

Part A — The Foundation

The first four chapters give you the **mental map of the Constitution**. Once this map is in your head, every later chapter lands in a pre-allocated slot. Without it, you're memorising the street names of a city whose layout you've never seen.

Chapter 1 — The Story of How India Got Its Constitution

1.1 The hook — why we even needed one

*Imagine you're 32 years old in 1946. Your country has been promised independence. Two weeks earlier, the Muslim League's **Direct Action Day** (16 August 1946) turned Kolkata into 5 days of communal slaughter. The British are drafting an exit plan. You are one of **389** people (later 299) chosen to write the rule book that **1.4 billion** people 77 years later will still be arguing over. What do you do?*

That is the problem the Constituent Assembly walked in with. Understand the scale of that problem and the Constitution's length, complexity + compromises stop looking strange.

1.2 The pre-story — constitutional milestones before 1946

A quick highlight-reel. Each of these is a PYQ on its own, so memorise the one-liner. Many are covered again in Chapter 3 + 13.

Year	Act / Event	One-line importance
1773	Regulating Act	First British law governing India. Created the office of Governor-General of Bengal (Warren Hastings was the first).
1784	Pitt's India Act	Board of Control + Court of Directors — dual govt.
1813	Charter Act	Ended East India Company's trade monopoly (except tea + China).
1833	Charter Act	Lord William Bentinck becomes the first Governor-General of India (not just Bengal).
1853	Charter Act	Open ICS competitive exam.
1858	Government of India Act	Company rule ends; Crown takes over. Queen's Proclamation.
1861	Indian Councils Act	Portfolio system + Indians in legislatures (nominated).
1892	Indian Councils Act	Cautious expansion of council membership.

Year	Act / Event	One-line importance
1909	Morley-Minto Reforms	Introduced separate electorates for Muslims — sowed the seed of Partition.
1919	Montagu-Chelmsford (GoI Act 1919)	Introduced diarchy in provinces.
1935	Government of India Act 1935	Longest British statute on India; provincial autonomy; Federal Court; ~2/3 of our Constitution's structural ideas borrowed from here.
1940	August Offer	British concede an Indian-drafted Constitution in principle.
1942	Cripps Mission	Dominion status post-war — rejected.
1946	Cabinet Mission Plan	Proposed three-tier federation + a Constituent Assembly; partition avoided by a hair but rejected by League eventually.

⚠ EXAM ALERT

****Quick test:**** Before reading further, try to name three pre-1946 Acts that shaped the 1950 Constitution and one thing each gave us. If you cannot name even two, go back and re-read the table above.

1.3 The Constituent Assembly — the 4 key dates

Constituent Assembly — the chronology

Memorise 26 NOV 1949 + 26 JAN 1950 as the two dates. **Why the 2-month gap?**

Because the Assembly wanted the "commencement" to fall on the **same date** Congress had declared Purna Swaraj in 1930 — 26 January — which gave the date emotional weight + made the Republic feel born of the freedom struggle, not gifted by Britain.

1.4 Who drafted what — the key committees

Memory peg — "PRANA DB" for the pillars of the process: **P**resident Rajendra Prasad (chair of CA + Rules + Steering), **R**au, B.N. — adviser who produced the first draft, **A**mbedkar — chair of Drafting Committee, **N**ehru — chaired Union-side committees, **A**ll-committees-Patel for Minorities + Provinces, **D**rafting committee had **7 members**, **B. N. Rau's** draft → Ambedkar polished → the Constitution we have.

The 7 Drafting Committee members (the one list you *must* know by heart):

1. **Dr. B.R. Ambedkar** (Chair)
2. **N. Gopalaswami Ayyangar**
3. **Alladi Krishnaswamy Ayyar**
4. **Dr. K.M. Munshi**
5. **Syed Mohammad Saadullah**
6. **N. Madhava Rao** (replaced B.L. Mitter who resigned on health)
7. **T.T. Krishnamachari** (replaced D.P. Khaitan, who died 1948)

Mnemonic — "A-A-A-M-S-M-K" or say it as a rhythm: "*Ambedkar, Ayyangar, Ayyar, Munshi, Saadullah, Madhava Rao, Krishnamachari.*"

⚠ EXAM ALERT

****Memorise these Constituent Assembly facts cold**** — they appear in almost every exam
 - First session: ****9 December 1946**** | Constitution adopted: ****26 November 1949**** | Into force: ****26 January 1950**** - Temporary chair of CA: ****Dr. Sachchidananda Sinha**** | Permanent President: ****Dr. Rajendra Prasad**** - Objectives Resolution moved by: ****Jawaharlal Nehru**** on ****13 December 1946**** - Constitutional Adviser (not a member): ****B.N. Rau**** - Drafting Committee chair: ****Dr. B.R. Ambedkar**** | 7 members total - Calligrapher of the Constitution: ****Prem Behari Narain Raizada**** | Illustrator: ****Nandalal Bose****

1.5 How long did it take?

2 years, 11 months, 18 days. Eleven sessions. **165 days of actual sitting. 141 days** just on debating + voting. Consumed paper: **64 lakh rupees** at the cost of the time. Handwritten by **Prem Behari Narain Raizada** (calligrapher, Delhi). Illustrated + illuminated by **Nandalal Bose + his team** of Shantiniketan artists. The original hand-written volumes are preserved in **helium-filled cases** in the Parliament Library.

1.6 Sources of the Constitution — the "borrowed" critique

Critics (KT Shah, HV Kamath) called the Constitution a "borrowed bag". Our response: it's a *cosmopolitan* Constitution that synthesised the best of several systems and adapted them. What comes from where:

Borrowed from	What we took
UK	Parliamentary system, cabinet system, rule of law, single citizenship, writs.

Borrowed from	What we took
USA	Written Constitution, Preamble, Fundamental Rights, judicial review, impeachment of President + SC judges, VP.
Ireland	Directive Principles, nomination to RS, method of Presidential election.
Canada	Quasi-federal structure (strong centre), residuary powers with centre, appointment of state Governors, SC advisory jurisdiction.
Australia	Concurrent List, freedom of trade + commerce + intercourse (Art 301), joint sitting of Parliament.
Germany (Weimar)	Emergency Provisions + suspension of FRs during Emergency.
Soviet Union (USSR)	Fundamental Duties, ideals of justice in the Preamble (social, economic, political).
France	Republic, ideals of liberty + equality + fraternity.
South Africa	Procedure for amending the Constitution, election of RS members.
Japan	"Procedure established by law" (Art 21).
Government of India Act 1935	Around 2/3 of the Constitution's structural clauses — Federal scheme, public service commissions, Emergency provisions, administrative details, role of Governors.

✓ KEY FACT

****Quick-recall: Sources of the Constitution**** UK gave the how-government-runs (parliamentary system, cabinet, writs, single citizenship). USA gave the citizen's shield (FRs, judicial review, written Constitution). Ireland gave the promises (DPSPs, RS nomination, Presidential election). Canada gave the glue to the centre (quasi-federal, residuary powers with Centre). Germany gave the emergency brakes (suspension of FRs during Emergency). USSR gave duties and ideals (FDs, social/economic/political justice in Preamble). The 1935 Government of India Act gave the machinery — nearly two-thirds of the entire constitutional structure.

1.7 How the Objectives Resolution became the Preamble

On **13 December 1946**, Nehru moved the **Objectives Resolution**. It declared India a "sovereign democratic republic" committed to "justice, social, economic + political; equality of status, of opportunity, + before the law; freedom of thought, expression, belief, faith, worship, vocation, association + action." The Resolution was **adopted 22 January 1947**. In slightly polished form, it became the **Preamble**. Recognise these phrases — they are on every page of the Constitution's spirit, and they are on every answer sheet in mains.

1.8 Exam hooks for Chapter 1

- Dates to memorise **verbatim**: 9 Dec 1946, 11 Dec 1946, 13 Dec 1946, 26 Nov 1949, 24 Jan 1950, 26 Jan 1950.
- Name Chairs of the major committees (see the tree above).
- Name all 7 Drafting Committee members.
- Which **one** country gave us which **one** feature — matching Qs are common (see Sources table).
- How long did it take to frame (2y 11m 18d) + how much did it cost (₹64 L).
- Who signed first? Rajendra Prasad. Who gave the first copy? The calligrapher Prem Behari Narain Raizada; illustrations by Nandalal Bose.

⚠ EXAM ALERT

****Quick test:**** Close the book and name: (a) the chair of the Drafting Committee, (b) the Constitutional Adviser, (c) the first chair of the Constituent Assembly, (d) the date the Constitution was adopted, (e) the date it came into force. Write the answers, then check. If you missed any, re-read §1.3 above.

Chapter 2 — The Preamble

2.1 Why spend a chapter on 85 words?

Because **every** word is freighted, every word has been judicially analysed, and almost every clause has been amended at least once. The Preamble:

1. Declares the **source of authority** — "We, the People of India".
2. Declares the **type of state** — "Sovereign Socialist Secular Democratic Republic".
3. Declares the **goals** — Justice, Liberty, Equality, Fraternity.
4. Declares the **date** — "adopted, enacted, and given to ourselves this 26th day of November, 1949".

2.2 The text (memorise it)

WE, THE PEOPLE OF INDIA, having solemnly resolved to constitute India into a **SOVEREIGN SOCIALIST SECULAR DEMOCRATIC REPUBLIC** and to secure to all its citizens:

JUSTICE, social, economic and political; **LIBERTY** of thought, expression, belief, faith and worship; **EQUALITY** of status and of opportunity; and to promote among them all **FRATERNITY** assuring the dignity of the individual and the unity and integrity of the Nation;

IN OUR CONSTITUENT ASSEMBLY this twenty-sixth day of November, 1949, do hereby adopt, enact and give to ourselves this Constitution.

Three words to flag: **SOCIALIST, SECULAR, INTEGRITY**. None of these were in the original 1950 text. All three were **added by the 42nd Amendment, 1976** during the Emergency. Mnemonic: "*Indira inserted SSI*" (Socialist, Secular, Integrity). We return to this in Chapter 28.

× COMMON TRAP

****Common trap — three words NOT in the original Preamble:**** SOCIALIST, SECULAR, INTEGRITY. All three were added by the ****42nd Amendment, 1976**** under Indira Gandhi's Emergency government. Examiners regularly ask which words were added and when. Mnemonic: **"Indira inserted SSI."**

2.3 Keywords — nested meanings

2.4 Is the Preamble part of the Constitution?

This is a **favourite PYQ**.

- *Berubari Union (1960)* — SC held the Preamble is a key to the mind of the framers but **NOT part of the Constitution**.
- *Kesavananda Bharati (1973)* — 13-judge bench overruled *Berubari* on this point. Preamble IS **part of the Constitution** and can be amended, but the amendment cannot destroy the **basic features** reflected in the Preamble.
- *LIC of India v. Consumer Education and Research Centre (1995)* — again confirmed Preamble as part of the Constitution.

So today: **Yes, part. Yes, amendable. No, cannot destroy basic structure.**

2.5 Justice — Liberty — Equality — Fraternity, in that order

Why this order? Dr Ambedkar, in his famous closing speech (25 Nov 1949):

"The principles of liberty, equality and fraternity are not to be treated as separate items in a trinity. They form a union of trinity in the sense that to divorce one from the other is to defeat the very purpose of democracy."

You'll see this quote quoted back at you in mains essays; it's that useful.

2.6 Exam hooks

- Three words inserted by the **42nd Amendment (1976)**: Socialist, Secular, Integrity.
- *Kesavananda (1973)* — Preamble is part of the Constitution.
- *Berubari (1960)* — earlier, said it was NOT part. (Don't mix these two.)
- French Revolution gave us Liberty, Equality, Fraternity.
- USSR gave us "Justice — social, economic, political."
- The Preamble was moved as the Objectives Resolution on **13 Dec 1946** by **Nehru**; adopted **22 Jan 1947**.

✓ KEY FACT

****Quick-recall: The Preamble**** We the people of a sovereign, socialist, secular, democratic republic promise ourselves justice (from USSR ideals), liberty (French), equality (French), and fraternity (French). Adopted 26 Nov 1949. Part of the Constitution after *Kesavananda 1973* — amendable, but never in ways that destroy its basic spirit. Three words added by 42nd Amendment 1976: ****Socialist, Secular, Integrity.**** Two cases on whether the Preamble is part of the Constitution: **Berubari (1960)** said No; **Kesavananda (1973)** said Yes.

Chapter 3 — Salient Features of the Indian Constitution

A catalogue of the **defining characteristics**. Memorise them as a mental list — examiners love a straight 5-or-6 point "Describe salient features" question.

3.1 The thirteen salient features

1. **Longest written constitution in the world**. Original 1950 text had **395 Articles in 22 Parts + 8 Schedules**. Today (with amendments and re-numberings): **~448 Articles**

across 25 Parts + 12 Schedules. Why so long? Three reasons: (a) one Constitution for 28 states + 8 UTs of widely varying sizes, (b) the Government of India Act 1935 was itself gigantic and we absorbed its machinery, (c) detailed safeguards for minorities, SCs, STs + tribal areas.

2. **Drawn from various sources** (Chapter 1 §1.6 — don't repeat the list here).
3. **Blend of rigidity + flexibility.** Some provisions amendable by simple majority (e.g., creating a new state, Part I), some by special majority (most of Part III + IV), some by special majority **plus** ratification by at least half the states (federal matters — Chapter 28).
4. **Federal structure with unitary bias.** Federation in form — strong unitary features (single constitution, single citizenship, flexible boundaries, emergency provisions). Granville Austin: "*cooperative federalism*". K.C. Wheare: "*quasi-federal*".
5. **Parliamentary form of government** (UK model — Westminster system). Not Presidential (US). Real power in the Prime Minister; nominal in President. See Chapter 12.
6. **Integrated + independent judiciary.** One Supreme Court at the top, one structure of High Courts and subordinate courts below — no separate state supreme courts (unlike USA). Independence via Art 50, tenure, salaries charged on Consolidated Fund, removal only by impeachment.
7. **Fundamental Rights** — Chapter 6.
8. **Directive Principles of State Policy** — Chapter 7.
9. **Fundamental Duties** — Chapter 8 (added by 42nd Amendment).
10. **Indian Secularism** — positive, not wall-of-separation. State treats all religions equally (sarva dharma sama bhava) + can intervene for reform (abolishing untouchability, banning triple talaq).
11. **Universal adult franchise** — every citizen ≥ 18 years votes. Voting age lowered from 21 to 18 by the **61st Amendment, 1988** (Rajiv Gandhi).
12. **Single citizenship.** Unlike USA (federal + state) or Switzerland, India has **one** citizenship — Indian. Regardless of your state, your rights are the same.
13. **Emergency provisions** (Arts 352 / 356 / 360 — Chapter 27).

Mnemonic — "LOUD FRIENDS-PIES": Lengthy, Origin-mixed, Unique blend of rigidity + flexibility, Dual federal/unitary, Fundamental rights + duties, Rule of law, Independent judiciary, Emergency, Nominal head, Directive principles, Secular, Parliamentary, Independent election commission, Enfranchisement universal, Single citizenship.

✓ **KEY FACT**

****Quick-recall: Indian Constitution in 90 seconds**** The lengthiest written constitution in the world. One country across 28 states with one citizenship. A strong centre that can still be federal. A Westminster prime-minister-led parliament with a nominal president. Six enforceable rights and eleven non-enforceable but binding duties, plus a long list of guiding promises called the DPSPs. Independent judiciary, independent election commission, universal adult franchise, declared secular and socialist since 1976, and three emergency brakes if the state comes apart (Art 352, 356, 360).

3.2 Exam hooks

- Original vs today counts: Articles 395 → ~448; Schedules 8 → 12.
- **61st Amendment** lowered voting age to 18.
- Federal vs unitary — Granville Austin called it **cooperative federalism**; K.C. Wheare called it **quasi-federal**.
- Parliamentary system borrowed from **UK**; single citizenship also UK.

⚠ EXAM ALERT

****Quick test:**** List any seven salient features from memory. Then try them in reverse order — this is harder and forces deeper recall. If you get fewer than five, re-read §3.1.

Chapter 4 — The Schedules + the Parts (the map of the Constitution)

Think of the Constitution as a **big house**. Parts are the rooms. Schedules are the **cupboards in those rooms** where details live.

4.1 The 12 Schedules — the one cheat-sheet

#	Schedule	Contents + what to remember
1	First	List of States + UTs + their territories. Changes with every reorganisation (J&K, Telangana, etc.).
2	Second	Salaries + emoluments of the President, Vice-President, Governors, SC + HC judges, CAG, Speaker, etc. Charged on the Consolidated Fund.
3	Third	Forms of oaths + affirmations — for the President, Ministers, MPs, MLAs, SC/HC judges, CAG.
4	Fourth	Allocation of RS seats to states and UTs.
5	Fifth	Administration + control of Scheduled Areas + Scheduled Tribes (except in 6th Schedule states). 10 states — PESA, 1996 extends Panchayati Raj here.
6	Sixth	Administration of Tribal Areas in Assam, Meghalaya, Tripura + Mizoram — Autonomous District Councils.
7	Seventh	Union List (97 → 100+), State List (66 → 61), Concurrent List (47 → 52). Division of subjects between Centre + States.
8	Eighth	Languages — originally 14, now 22 .
9	Ninth	Added by 1st Amendment, 1951 — a protective list of land-reform laws + agrarian reform laws that could not be challenged in court for violating FRs. <i>I.R. Coelho v. State of TN (2007)</i> — post-24 April 1973 additions ARE open to judicial review if they violate basic structure.

#	Schedule	Contents + what to remember
10	Tenth	Added by 52nd Amendment, 1985 — Anti-Defection Law . Modified by 91st (2003).
11	Eleventh	Added by 73rd Amendment, 1992 — 29 subjects for Panchayats (agriculture, land reforms, minor irrigation, etc.).
12	Twelfth	Added by 74th Amendment, 1992 — 18 subjects for Municipalities (urban planning, fire services, slum improvement, etc.).

Memory palace — putting Schedules in a house

Walk through **your home** and place one Schedule per room:

1. **Gate** → Schedule 1 (States + UTs — the *boundaries* of the nation, like a gate).
2. **ATM near gate** → Schedule 2 (Salaries).
3. **Temple in courtyard** → Schedule 3 (Oaths — you *swear* before God).
4. **Living-room sofa** → Schedule 4 (RS seat allocation — a *seated* council).
5. **Study room** → Schedule 5 (Scheduled Areas + STs).
6. **Backyard tree** → Schedule 6 (Tribal Areas of NE — trees = forests).
7. **Kitchen** → Schedule 7 (three Lists — Union, State, Concurrent — the three *burners*).
8. **Library shelf** → Schedule 8 (Languages).
9. **Locked cupboard** → Schedule 9 (protected laws — locked away from courts).
10. **TV remote** → Schedule 10 (Anti-defection — remote-controls MP behaviour).
11. **Balcony (village view)** → Schedule 11 (Panchayats — village powers).
12. **Rooftop (city view)** → Schedule 12 (Municipalities — urban powers).

Walk through this palace **three times** (morning, noon, night) for 3 days and the 12 Schedules + their dates + their additions become permanent.

4.2 The 25 Parts — the building's skeleton

Not every Part gets its own chapter; some (VII, X, XIII, XV, XVI, XIX) are minor or repealed. The Parts you will actually meet in this book are those on the tree above.

4.3 Exam hooks

- Schedule 1 = States + UTs (changes often).
- Schedule 6 = **NE tribal areas** (Assam, Meghalaya, Tripura, Mizoram — memorise the 4).
- Schedule 7 = three Lists. **Union 100, State 61, Concurrent 52** (updated counts).
- Schedule 8 = **22 languages**. Added by: Sindhi (1967, 21st Amdt); Konkani, Manipuri, Nepali (1992, 71st); Bodo, Dogri, Maithili, Santhali (2003, 92nd).
- Schedule 9 = 1st Amendment 1951; judicial-review-proof only till 24-Apr-1973 (I.R. Coelho, 2007).

- Schedule 10 = 52nd Amendment 1985 (Rajiv Gandhi); tightened 91st Amdt 2003.
- Schedules 11 + 12 = 73rd + 74th Amendments, 1992.

⚠ EXAM ALERT

****Quick test:**** Name all 12 Schedules using the house-walk mnemonic. If you miss one, repeat from the gate — do not cheat by looking back. Three clean runs through the palace and these 12 entries are yours permanently.

Part A — Mind map (one-page revision)

Mark this page. Before every revision session, read this map for 90 seconds — it gives you the complete Part A structure at a glance.

Part B — The Citizen-State Compact

You now know how the Constitution was written + how it's laid out. Part B is about the **deal** between citizen and state: who counts as Indian, what they can demand from the state, and what the state asks back.

Chapter 5 — Citizenship (Part II, Articles 5-11)

5.1 Hook — the Partition problem

On 15 August 1947, **15 million people were on the wrong side of a new line**. Hindus + Sikhs fleeing East to West; Muslims fleeing West to East. The Constituent Assembly had to answer one question fast: "*Who, among all these people and their descendants, is an Indian citizen?*"

The answer lived in Articles 5 to 11 — deliberately short. Parliament was instructed to fill in details by statute. It did so through the **Citizenship Act, 1955**, which we'll unpack.

5.2 Articles 5 - 11 — a one-line gist of each

Article	What it does
5	Citizens at the commencement (26 Jan 1950) — domicile-based rule.
6	Citizenship of persons who migrated from Pakistan to India .
7	Citizenship of persons who migrated from India to Pakistan then returned.
8	Citizenship of Persons of Indian Origin residing abroad.
9	Voluntarily acquiring citizenship of a foreign state = loss of Indian citizenship.
10	Every citizen continues as such subject to Parliament's laws.
11	Parliament's power to regulate citizenship by law. (Basis of the 1955 Act.)

5.3 The Citizenship Act, 1955 — five gateways in + three exits

Five ways to BECOME a citizen:

1. **By birth** (Sec 3). - Born in India on or after 26 Jan 1950 and before 1 July 1987 — automatically citizen. - Born 1 July 1987 - 2 Dec 2004 — citizen if at least one parent was citizen at the time of birth. - Born on or after 3 Dec 2004 — citizen **only if BOTH parents are citizens**, or one is citizen + the other is not an illegal migrant.
2. **By descent** (Sec 4) — born outside India after 26 Jan 1950 to parents (earlier father only) who are Indian citizens; registration at Indian consulate within prescribed time.
3. **By registration** (Sec 5) — persons of Indian origin, spouses of citizens, minor children of citizens, OCIs of 5 years' registration, etc.

4. **By naturalisation** (Sec 6) — foreigner of full age + 12 years' residence (lowered to 6 years under the CAA 2019 for specific groups) + good character + adequate knowledge of a scheduled language + willingness to renounce previous citizenship + take the oath.
5. **By incorporation of territory** (Sec 7) — when new territory joins India (e.g., Sikkim, Pondicherry after their mergers).

Three ways to LOSE citizenship (Sec 8-10):

1. **Renunciation** — voluntary declaration.
2. **Termination** — auto, if you acquire another country's citizenship.
3. **Deprivation** — by government, on grounds of fraud, disloyalty, trading with enemy, sentence of ≥ 2 years within 5 years of naturalisation, etc.

5.4 CAA 2019 — what actually changed

The **Citizenship Amendment Act, 2019** (effective when Rules were notified, 11 March 2024) gave a **fast-track path to citizenship by naturalisation** (from 12 → **6 years** residence) for **non-Muslim migrants** from **3 countries** (Pakistan, Afghanistan, Bangladesh) belonging to **6 religions** (Hindu, Sikh, Buddhist, Jain, Parsi, Christian), who entered India **on or before 31 December 2014** fleeing religious persecution.

Key fact: CAA does **not** take any Indian citizen's rights away. It only *adds* a path. Its political controversy is about the **exclusion of Muslims** from the eligible religions. Court challenges are pending in the SC.

Pair the CAA with two other acronyms that come up together: - **NRC (National Register of Citizens)** — currently only for Assam; created under the 1955 Act; Assam NRC's final list was published Aug 2019 and excluded 19 lakh persons; contested. - **NPR (National Population Register)** — a register of **usual residents**, not citizens — maintained under the Citizenship Rules 2003.

5.5 OCI + PIO — the twin cards

- **PIO (Person of Indian Origin) card** — launched 1999 for diaspora. **Merged into OCI in 2015** (no fresh PIO cards issued).
- **OCI (Overseas Citizen of India)** — introduced by the **Citizenship (Amendment) Act, 2003**. NOT a dual citizenship. OCIs don't get: voting right, Indian passport, govt jobs, agricultural land, election to Parliament/Assemblies, appointment to constitutional offices. But they get: lifelong visa-free travel, parity with NRIs on economic, financial + educational matters.

✓ KEY FACT

****Quick-recall: Citizenship**** Indian citizenship is single and regulated by Parliament under Article 11. Five ways in — birth, descent, registration, naturalisation, incorporation of territory — all in the Citizenship Act 1955. Three ways out — renunciation, termination, deprivation. Overseas Indians can be OCIs but never dual citizens. The CAA 2019 shortens the naturalisation clock from 12 to 6 years for persecuted non-Muslim migrants from Pakistan, Afghanistan, and Bangladesh who entered India before 31 December 2014.

5.6 Exam hooks

- Parts covered: Part II, Arts 5–11.
- **Article 11** = Parliament's power over citizenship.
- **Citizenship Act, 1955** = the actual statute.
- CAA 2019 + Rules 2024 — 3 countries + 6 religions + cut-off 31 Dec 2014.
- OCI is **not** dual citizenship.
- Born 3 Dec 2004 onward → both parents test.

⚠ EXAM ALERT

****Quick test:**** Name the 5 ways to acquire Indian citizenship and the 3 ways to lose it. Then answer: is an OCI a dual citizen? (No. OCI gives visa-free travel and NRI parity, but not voting rights, passport, or constitutional offices.)

Chapter 6 — Fundamental Rights (Articles 12–35)

Where the citizen puts on armour against the state.

6.1 The deal, in one sentence

The Constituent Assembly had a choice. The United Kingdom gave citizens no written list of rights — they trusted Parliament + the common law. The United States wrote 10 of them into the Bill of Rights. India, coming out of colonial abuse + caste discrimination + communal partition, chose the American path — with extra teeth + extra restrictions.

Exam weight — roughly 1 in every 4 Polity questions across SSC / RRB / PO / Banking / State-PSC references either the Articles, the landmark cases, or post-independence amendments on FRs. UPSC GS-2 essays are frequently built around FRs + DPSP harmonisation. **Get this chapter to 100%.**

6.2 Origin + philosophy

- Drew largely from the **US Bill of Rights (1791)** — written, justiciable, binding on the state. Indian framers went further:
- Indian FRs are **not absolute** — packaged with **reasonable restrictions** (Arts 19(2)–(6)), so Parliament can limit rights for public order, morality, sovereignty, etc.
- Explicit written rights because (a) partition-era communal violence demanded clear minority protection, (b) caste society needed enforceable equality, (c) colonial state trampled liberties without remedy.
- **Objectives Resolution (13 Dec 1946)** → flowed into Part III.

Drafting committee chairs that shaped FRs:

- **Advisory Committee on FRs + Minorities + Tribal Areas** — chaired by **Sardar Patel**.
- **Sub-committee on FRs** — chaired by **J.B. Kripalani** (most of the wording).
- **Drafting Committee** — chaired by **Dr. B.R. Ambedkar**.
- **Sapru Committee (1945)** had earlier recommended justiciable FRs.

6.3 Originally 7 → now 6

At adoption (26 Jan 1950), Part III guaranteed **7 FRs**:

1. Right to Equality
2. Right to Freedom
3. Right against Exploitation
4. Right to Freedom of Religion
5. Cultural + Educational Rights
6. **Right to Property** ← removed
7. Right to Constitutional Remedies

© MNEMONIC

****FEAR-CC**** = the 6 Fundamental Rights: ****F**reedom** (Arts 19–22) · ****E**quality** (14–18) · ****A**gainst exploitation** (23–24) · ****R**eligion freedom** (25–28) · ****C**ultural/Educational** (29–30) · ****C**onstitutional Remedies** (32) Originally 7 FRs. Right to Property (FR #6) was removed by the ****44th Amendment, 1978**** under Morarji Desai's government and moved to Art 300A as a legal right.

44th Amendment (1978), Morarji Desai's Janata govt, **deleted Right to Property** (from Arts 19(1)(f) + 31). Today property is a **legal** right, Art 300A. Why: Indira-era land-reform laws kept being struck down on "right to property" grounds; moving it out unblocked redistribution.

Mnemonic — **"FEAR-CC"** for the 6 FRs: **F**reedom (Arts 19–22), **E**quality (14–18), **A**gainst exploitation (23–24), **R**eligion freedom (25–28), **C**ultural/educational (29–30), **C**onstitutional remedies (32).

6.4 Article 12 — "The State"

FRs bind the **State**, so we need a precise definition. Art 12:

"The State" includes — (a) Government + Parliament of India; (b) Government + Legislature of each State; (c) all local or other authorities within the territory of India; (d) under the control of the Government of India.

"Other authorities" — the litigated phrase. Expanded progressively by SC:

- *Rajasthan Electricity Board (1967)* — statutory bodies count.
- *Sukhdev Singh v. Bhagatram (1975)* — ONGC, LIC, IFCI = "State".
- *R.D. Shetty v. IAAI (1979)* — 6-point test by Bhagwati J.
- *Ajay Hasia v. Khalid Mujib (1981)* — RECs (societies under Societies Act) = "State".
- *Pradeep Kumar Biswas v. IICB (2002)*, 7-judge bench — **consolidated test**: entity is "State" if **"financially, functionally and administratively dominated by or under the control of the Government"**.
- *Zee Telefilms v. UoI (2005)* — held BCCI is **not** "State" (controversial).

Judiciary as "State"? SC in *Naresh Shridhar Mirajkar (1967)* held **judicial functions** are *not* "State" under Art 12 — but administrative functions (staff recruitment, infrastructure) are. Can't get a writ to quash a judgment on FR grounds — appeal instead.

Article 13 — the enforcement lever

- **Art 13(1)**: pre-Constitution laws inconsistent with FRs are **void**.
- **Art 13(2)**: post-Constitution laws inconsistent with FRs are **void**.
- **Art 13(3)(a)**: "Law" includes ordinances, orders, bye-laws, rules, regulations, notifications, customs or usages having force of law.
- **Art 13(4): Constitutional amendments** are **NOT** law under Art 13 — inserted by **24th Amendment (1971)** in reaction to *Golaknath (1967)*. *Kesavananda (1973)* added the basic-structure limit.

Three doctrines to memorise: - **Severability** — only offending part of a law struck down; rest survives. *A.K. Gopalan v. Madras (1950)*. - **Eclipse** — pre-1950 laws inconsistent with FRs go into eclipse (unenforceable against citizens, enforceable against non-citizens). Revive if FR later amended. *Bhikaji Narain Dhakras (1955)*. - **Waiver** — a citizen **cannot waive** a FR. *Bhikaji Narain Dhakras (1955)*. - **Waiver** — a citizen **cannot waive** a FR. *Bhikaji Narain Dhakras (1955)*. - **Waiver** — a citizen **cannot waive** a FR. *Bhikaji Narain Dhakras (1955)*.

6.5 Right to Equality (Articles 14-18)

The single golden thread: the first cluster of Part III dismantles the pre-1950 structures of **colonial privilege + caste hierarchy + gender discrimination**.

Art 14 — Equality before law + equal protection of laws

Two phrases, two origins: - **Equality before the law** — English common law (Dicey) — negative; no one above the law. - **Equal protection of laws** — US 14th Amendment — positive; like treatment in like circumstances; state *must* classify people for welfare purposes.

Reasonable classification test — *State of W.B. v. Anwar Ali Sarkar (1952)*: 1. Classification must be founded on an **intelligible differentia**. 2. That differentia must have a **rational nexus** with the object of the law.

Doctrine of Arbitrariness — *E.P. Royappa v. TN (1974)* (Bhagwati J.): "*Equality and arbitrariness are sworn enemies.*" Expanded Art 14 from classification to reasonableness everywhere.

Applied in: *Maneka Gandhi (1978)* — Art 21 widened; *Ajay Hasia (1981)*; *Shayara Bano (2017)* — instant triple talaq struck.

Exceptions under Art 361: President + Governors immune from criminal proceedings during term; MPs + MLAs immune for anything said/voted in House (Arts 105 + 194); foreign diplomats (Vienna Convention + Diplomatic Relations Act 1972); UN + agencies.

Art 15 — Prohibition of discrimination

- 15(1) — state shall not discriminate on **5 grounds: religion, race, caste, sex, place of birth**.
- 15(2) — access to public places (shops, hotels, tanks, restaurants, wells).
- 15(3) — special provisions for **women + children** (gender-positive).
- 15(4) — special provisions for **SEBCs + SCs + STs** — inserted by **1st Amendment (1951)** after *Champakam Dorairajan (1951)*.
- 15(5) — reservation in **private unaided educational institutions** except minority ones — inserted by **93rd Amendment (2005)**.
- 15(6) — **10% EWS reservation** — inserted by **103rd Amendment (2019)**. Upheld in *Janhit Abhiyan v. UoI (2022)* 3-2.

Case anchors: - *Champakam Dorairajan (1951)* → triggered 1st Amendment. - *Balaji v. State of Mysore (1963)* → **50% ceiling on reservation** first laid down. - *Indra Sawhney (Mandal) (1992)* → 9-judge bench. 27% OBC upheld; 50% ceiling reaffirmed; **creamy layer** concept introduced. - *M. Nagaraj (2006)* → SC/ST promotion reservation requires State to prove backwardness + inadequate representation + no compromise to administrative efficiency. - *Janhit Abhiyan (2022)* → EWS upheld; broke the 50% ceiling for economic reservations.

Art 16 — Equality of opportunity in public employment

- 16(1) + 16(2) — no discrimination on the 5 grounds of Art 15 + also **descent + residence**.
- 16(3) — Parliament can prescribe **residence** as a qualification for some state jobs.
- 16(4) — reservation for "any backward class" not adequately represented.

- 16(4A) — reservation **in promotion** with **consequential seniority** for SC/ST — **77th (1995) + 85th (2001)** Amendments.
- 16(4B) — carry-forward of unfilled reserved vacancies — **81st Amendment (2000)**.
- 16(5) — religious positions may be restricted to persons of that religion.
- 16(6) — **EWS 10% in jobs** — 103rd Amdt 2019.

Art 17 — Abolition of Untouchability

Short + absolute. "**Untouchability**" is **abolished and its practice in any form is forbidden**. Enforced by **Protection of Civil Rights Act 1955** + SC/ST (Prevention of Atrocities) Act 1989. **Binds private persons too** — a rare horizontal FR.

Sabarimala (2018) — 5-judge majority held barring women 10-50 from Ayyappa temple violated Art 17 (Chandrachud J.'s broad reading) + Arts 14, 15, 25. Review pending in 9-judge bench.

Art 18 — Abolition of titles

- State cannot confer titles (other than military or academic).
- Citizens cannot accept titles from foreign states.
- **Padma awards + Bharat Ratna** are NOT titles (*Balaji Raghavan v. Uol, 1996*) — can't be prefixed/suffixed to your name.

6.6 Right to Freedom (Articles 19-22)

Art 19 — Six freedoms

Mnemonic — "SAM-FROP" for the 6 freedoms: **S**peech + expression (19(1)(a)), **A**ssembly peacefully without arms (b), **M**ovement (d), **F**orm associations/unions (c), **R**eside + settle (e), **O**ccupation/trade/business (g). Earlier (f) Property — removed by 44th Amdt.

Each freedom has matched **reasonable restrictions**:

Freedom	Restriction grounds (Art)
Speech + expression 19(1)(a)	sovereignty + integrity, security of State, friendly foreign relations, public order, decency + morality, contempt of court, defamation, incitement to offence — 19(2).
Assembly 19(1)(b)	sovereignty + integrity, public order — 19(3).
Association 19(1)(c)	sovereignty + integrity, public order, morality — 19(4).
Movement 19(1)(d)	general public + protection of ST — 19(5).
Residence 19(1)(e)	same as above — 19(5).

Freedom	Restriction grounds (Art)
Profession 19(1)(g)	professional qualifications, State monopoly, public interest — 19(6).

Grounds added by amendment: - "Public order" + "friendly relations with foreign states" → **1st Amendment (1951)**. - "Sovereignty + integrity of India" + "incitement to an offence" → **16th Amendment (1963)**.

Big 19(1)(a) cases: - *Romesh Thappar (1950)* → struck down Madras ban on Cross Roads. - *Indian Express v. UoI (1985)* → newspaper import duty. - *Shreya Singhal (2015)* → **Sec 66A IT Act struck down** (vague + chilling). - *Navtej Johar (2018)* → read down Sec 377. - *Anuradha Bhasin (2020)* → J&K internet shutdowns under proportionality. - *Kaushal Kishor (2023)* — 5-judge bench: Art 19(2) grounds are **exhaustive**.

Restriction test: *K.A. Abbas v. UoI (1971)* + *Chintamanrao (1951)* — proportionate, not arbitrary, related to a listed ground.

Art 20 — Protection for conviction of offences

Three guarantees: 1. **No ex post facto law** — only for criminal laws. 2. **No double jeopardy** — narrower than US; only judicial prosecution + punishment stage. 3. **No self-incrimination** — includes oral testimony + document production; narcoanalysis/polygraph/brain-mapping without consent violates it (*Selvi v. Karnataka, 2010*). Fingerprints + DNA + medical exam = NOT testimonial, so allowed.

Art 20 is **non-suspendable** even during Emergency (Art 359, 44th Amdt).

Art 21 — Protection of life + personal liberty

"No person shall be deprived of his life or personal liberty except according to procedure established by law."

The single most consequential sentence in the Constitution.

✓ KEY FACT

****Article 21 — the most expansive FR in the Constitution**** Courts have read the following rights into Art 21 over the decades: right to privacy (*Puttaswamy 2017*), right to livelihood (*Olga Tellis 1985*), right to a clean environment (*M.C. Mehta 1987*), right to speedy trial, right to free legal aid, right to shelter, right to sleep, right against handcuffing and solitary confinement, right to die with dignity (*Common Cause 2018*). The golden triangle = Arts ****14 + 19 + 21**** — all three must be satisfied together for any law that restricts liberty to be valid (*Maneka Gandhi 1978*).

- *A.K. Gopalan (1950)* → literal reading. "Procedure established by law" = any law passed.

- *Maneka Gandhi (1978)*, 7-judge bench → transformed Art 21. Procedure must be **fair, just, and reasonable**. Linked Arts 14, 19, 21 as a *golden triangle*.
- *Francis Coralie Mullin (1981)* → dignity.
- *Olga Tellis (1985)* → livelihood (pavement dwellers).
- *M.C. Mehta (1987)* → environment.
- *Vishaka (1997)* → workplace sexual harassment → POSH Act 2013.
- *Puttaswamy (2017)*, 9-judge bench unanimous → **Privacy = FR**. Overruled *MP Sharma (1954)* + *Kharak Singh (1962)*.
- *Common Cause (2018)* → passive euthanasia + living wills OK.
- *Navtej Johar (2018)*, *Joseph Shine (2018)* — personal-law restrictions struck down using Arts 21 + 14.

Judicially read-in rights under Art 21 (non-exhaustive): dignity, livelihood, privacy, clean environment, speedy trial, free legal aid, shelter, education (now Art 21A after 86th Amdt 2002), health, sleep, against solitary confinement + handcuffing + torture, travel abroad, against bonded labour, die with dignity.

Art 21A — Right to Education

Inserted by **86th Amendment, 2002**. Free + compulsory education ages **6-14**.

Operationalised by the **RTE Act 2009** (effective 1 Apr 2010). Pre-school (3-6) remains under Art 45 (DPSP, also amended by 86th).

RTE pillars: 25% quota for weaker sections in private unaided schools (*Society for Unaided Private Schools v. UoI, 2012* — upheld except for minority unaided schools); no detention till Class 8 (relaxed 2019); teacher- pupil ratio + infrastructure norms; no screening, capitation, expulsion.

Art 22 — Protection against arrest + detention

A. Ordinary arrest (clauses 1+2): - Right to be **informed** of grounds of arrest. - Right to **consult a legal practitioner** of choice. - **Produced before nearest Magistrate within 24 hrs** (excluding journey). - No detention beyond 24 hrs without magisterial authority.

B. Preventive detention (clauses 3-7): - Those rights do NOT apply. - Detention up to **3 months** without Advisory Board approval; beyond 3 months only on Advisory Board (HC judges or equivalent) recommendation. - Grounds communicated "as soon as may be" (with public-interest exceptions). - 44th Amendment tried to reduce 3 → 2 months; never brought into force.

Preventive detention laws: NSA (1980), PSA (J&K 1978), COFEPOSA (1974), PITNDPS (1988), UAPA (1967; amended 2019), PMLA — recurring current affairs + editorial fodder.

6.7 Right against Exploitation (Articles 23-24)

Art 23 — Human trafficking + forced labour prohibited

- Traffic in human beings (includes slavery, devadasi, prostitution).

- **Begar** (forced unpaid labour) abolished.
- Compulsory service for **public purpose** (military conscription, civic duties) allowed — state cannot discriminate on religion etc.

PUDR v. UoI (1982) — non-payment of minimum wage = **forced labour** under Art 23.

Laws: Immoral Traffic (Prevention) Act 1956, Bonded Labour System (Abolition) Act 1976, POCSO 2012.

Art 24 — Child labour below 14 in factories or hazardous employment

- No child below 14 in any factory, mine, or hazardous employment.
- Child Labour Amendment 2016 prohibits under-14s from all employment (except non-hazardous family enterprise); 14–18s barred from hazardous work.

M.C. Mehta v. TN (1996) — Sivakasi match factories; SC directed compensation + rehabilitation of child workers.

6.8 Right to Freedom of Religion (Articles 25–28)

Art 25 — Individual freedom of conscience + profession, practice, propagation

Subject to public order, morality, health. State can regulate "secular activities associated with religious practice" + open Hindu religious institutions to all Hindus (Explanation II — applies to Sikhs, Jains, Buddhists too).

Essential Religious Practices (ERP) doctrine — *Shirur Mutt (1954)*. Courts decide what is essential vs not. Used in Ananda Margi tandava, Sabarimala, hijab cases.

Art 26 — Collective right of religious denominations

Can establish + maintain institutions for religious + charitable purposes; manage own affairs in religion; own + acquire property; administer property in accordance with law.

Art 27 — No tax for specific religious promotion

Can't compel tax whose proceeds specifically fund one religion. General taxes or fees — fine even if incidental religious benefit.

Art 28 — Religious instruction in educational institutions

- **Wholly state-funded** — no religious instruction.
- **State-aided** — religious instruction allowed, no compulsion.
- **Endowment-run-by-state** — religious instruction allowed.
- **Fully private** — any religious instruction.

6.9 Cultural + Educational Rights (Articles 29-30)

Art 29 — Interests of minorities

- Any section with distinct language, script, or culture can **conserve** it.
- No citizen denied admission to state or state-aided institutions on religion, race, caste, language. SC read 29(2) as applicable to **any** citizen in *St. Stephen's v. DU* (1992).

Art 30 — Minorities' right to establish + administer educational institutions

- "All minorities, whether based on religion or language, shall have the right to establish and administer educational institutions of their choice."
- State aid cannot discriminate against minority institutions.
- Right is of the **community**, not individuals.

Landmarks: *T.M.A. Pai Foundation* (2002) 11-judge bench; *P.A. Inamdar* (2005). **Minority status** decided at **state** level, not national (*T.M.A. Pai*). **AMU** status restored by **November 2024 7-judge bench** (overruled *Azeez Basha* 1967; factual determination remitted).

6.10 Right to Constitutional Remedies (Article 32)

Dr. Ambedkar: "If I was asked to name any particular article in this Constitution as the most important — an article without which this Constitution would be a nullity — I could not refer to any other article except this one. It is the very soul of the Constitution and the very heart of it."

Art 32 itself is a **FR**. Any FR violation → citizen can directly approach the **SC** (bypassing HCs if they wish). SC **must** entertain the petition (*Romesh Thappar, 1950*) — can't refuse on alternate-remedy grounds.

The five writs

Writ	Against	Effect
Habeas corpus	Public authority or private person	Produce unlawfully detained person in court
Mandamus	Public authority (not President, not Governor for personal acts)	Perform a statutory duty

Writ	Against	Effect
Prohibition	Lower courts + tribunals	Stop a pending proceeding exceeding jurisdiction
Certiorari	Lower courts + tribunals + admin authorities (after <i>A.K. Kraipak</i>)	Quash an already-passed order
Quo warranto	Public-office holder	Test legal authority to hold the post

Art 32 vs Art 226

Feature	Art 32 (SC)	Art 226 (HC)
FR itself?	Yes	No (constitutional but not FR)
Scope	Only FR enforcement	FR + "any other purpose" — broader
Territorial jurisdiction	Pan-India	State + cause-of-action areas
Suspendable?	Only by Presidential order in Emergency (post-44th, NOT for Arts 20 + 21)	Same
Alternate-remedy refusal	Narrow	HC can refuse

PIL evolved from Art 32 — SC relaxed *locus standi*. *S.P. Gupta (1981)*, *Hussainara Khatoon (1979)*, *Bandhua Mukti Morcha (1984)*. Today a major accountability tool — with occasional "publicity interest litigation" caution.

6.11 Enabling powers — Articles 33, 34, 35

- **Art 33** — Parliament may modify FRs for **armed forces + police + intel agencies** (basis of Army Act, etc. curtailing rights like unions).
- **Art 34** — restrictions while **martial law** is in force. (Never formally used in India post-independence.)
- **Art 35** — only Parliament, not states, can make laws giving effect to certain FRs (e.g., 16(3), 32(3), Arts 33, 34).

6.12 The FRs non-citizens get too

Mostly citizens-only FRs: 15, 16, 19, 29, 30.

Everyone (including non-citizens) gets: Arts **14, 20, 21, 21A, 22, 23, 24, 25, 26, 27, 28**.

During Emergency: - Art 19 auto-suspended only for war/external aggression (not armed rebellion, post-44th Amdt). - Under Art 359 Presidential Order: any FR can be suspended

except Arts 20 + 21.

6.13 Landmark FR cases — quick-recall sheet

2018	Sabarimala	Women 10–50 entry permitted (under review).
2022	Janhit Abhiyan	EWS upheld.

6.14 Major amendments to FRs

✓ KEY FACT

****Quick-recall: Fundamental Rights**** Six shields: equality (14–18), freedom (19–22), against exploitation (23–24), religious freedom (25–28), minority culture (29–30), and the writ-powered remedy at 32. Property got downgraded to a legal right in 1978 (44th Amendment). Article 21 has grown into a mini-constitution on its own — privacy, livelihood, environment, dignity, education, speedy trial, free legal aid, all read in by the Supreme Court. No one, not even Parliament, can amend the Constitution in a way that destroys these rights' basic structure — that is the Kesavananda doctrine (1973).

⚠ EXAM ALERT

****Quick test:**** Name the 6 FRs with their Article ranges and one landmark case for each. Do this in your head in under 3 minutes. If you cannot recall a case, write "?" next to that FR and revise that section.

Chapter 7 — Directive Principles of State Policy (Articles 36–51)

7.1 Hook — the promises the courts can't enforce

If FRs are the **shields** the citizen raises against the state, DPSPs are the **promises** the state makes to itself about the kind of society it intends to build. They are in Part IV, Articles 36–51. Borrowed from the **Irish Constitution (1937)**, which in turn drew from Spain.

× COMMON TRAP

****FR vs DPSP — the most common trap question**** | Feature | Fundamental Rights | Directive Principles | |---|---|---| | Part | III (Arts 12–35) | IV (Arts 36–51) | | Justiciable? | YES — enforceable in courts | NO — not enforceable in courts | | Source | US Bill of Rights | Irish Constitution (1937) | | Nature | Negative (state must NOT do X) | Positive (state SHOULD do Y) | | Suspended during Emergency? | Some can be | Cannot be suspended | After Minerva Mills 1980: both FRs and DPSPs are part of the basic structure. Parliament cannot prioritise one absolutely over the other.

They are **not justiciable**. You cannot go to court to enforce a DPSP. But:

- The state is expected to apply these principles when making laws — **Art 37**.

- In the balance between FRs + DPSPs, the SC has evolved the "**harmonious construction**" doctrine (*Minerva Mills, 1980*): Constitution rests on the bedrock of both, and the two must be read together, not as rivals.

7.2 Classification of DPSPs — three clean buckets

Socialistic (equality of opportunity + welfare state): - Art 38 — promote welfare; minimise inequality. - Art 39 — adequate means of livelihood, equal pay for equal work, workers' health, childhood protection, distribution of material resources for common good. - Art 39A — equal justice + **free legal aid**. - Art 41 — right to work, education, public assistance. - Art 42 — just + humane work conditions + maternity relief. - Art 43 — living wage + decent standard of life. - Art 43A — workers' participation in management. - Art 46 — educational + economic interests of SC/ST/weaker sections. - Art 47 — nutrition + public health; prohibit intoxicants.

Gandhian: - Art 40 — **village panchayats** (realised by 73rd Amdt). - Art 43 — cottage industries in rural areas. - Art 43B — promotion of **cooperatives** (added by 97th Amdt 2011). - Art 46 — SC/ST/weaker-section welfare. - Art 47 — prohibition of alcohol + harmful drugs. - Art 48 — modern agriculture + animal husbandry; cattle protection.

Liberal-Intellectual: - Art 44 — **Uniform Civil Code** (UCC). - Art 45 — early childhood care + education (modified by 86th Amdt). - Art 48 — scientific farming. - Art 48A — protect + improve **environment + forests + wildlife** (added by 42nd Amdt 1976). - Art 49 — protect national monuments + places of artistic importance. - Art 50 — separation of judiciary from executive. - Art 51 — promote **international peace + security**; honour international law; peaceful settlement of disputes; respect for UN.

7.3 DPSPs newly added by amendments

Know these by heart:

Amdt	Year	DPSP added / modified
42nd	1976	Art 39A (legal aid), Art 43A (workers' participation), Art 48A (environment).
44th	1978	Art 38(2) — reduce inequalities in income + facilities.
86th	2002	Art 45 changed to early childhood (0-6); Art 21A made separate FR.
97th	2011	Art 43B — cooperatives.

7.4 FR vs DPSP — the contrast table (very high-yield)

Feature	Fundamental Rights (Part III)	Directive Principles (Part IV)
Nature	Justiciable (Art 32)	Non-justiciable (Art 37)
Borrowed from	USA	Ireland
Goal	Political democracy (individual rights)	Social + economic democracy
Negative / positive	Negative (what state can't do)	Positive (what state should do)
Bind	State	State
Sanction	Courts	Political / electoral
Individual / collective	Individual	Collective welfare
In conflict	Generally FR prevails; but Art 31C carves out DPSP primacy in Arts 39(b) + (c)	

The 3 clash-and-harmonise cases: - *State of Madras v. Champakam Dorairajan* (1951) → FR wins over DPSP. Triggered **1st Amendment**. - *Golaknath* (1967) → Parliament cannot amend FRs even to implement DPSPs → reversed. - *Kesavananda* (1973) → basic structure doctrine; tried to balance. - *Minerva Mills* (1980) → 42nd Amdt's attempt to place all DPSPs above all FRs struck down. "**FRs + DPSPs together constitute the conscience of the Constitution.**"

7.5 Examples of DPSP → law implementation (memorise 5)

DPSP	Law(s) implementing it
Art 40 (village panchayats)	73rd Amdt, 1992; Panchayati Raj Acts.
Art 41 (right to work)	MGNREGA, 2005.
Art 42 (maternity relief)	Maternity Benefit Act 1961 (amended 2017).
Art 43A (workers' participation)	Industrial Disputes Act 1947; Companies Act 2013 (workers' committees).
Art 45 → Art 21A (RTE)	RTE Act 2009.
Art 47 (prohibition)	Bihar + Gujarat prohibition laws.
Art 48 (cattle protection)	State cow-slaughter laws.
Art 48A (environment)	Environment Protection Act 1986.
Art 50 (judicial separation)	CrPC Sec 54 (separation of judicial + executive magistrates, phased in).

7.6 Exam hooks

- **Part IV**, Arts 36–51.
- Borrowed from **Ireland** (via Spain).
- **Non-justiciable** (Art 37); but binding in law-making.
- 3 buckets — Socialistic, Gandhian, Liberal-Intellectual.
- Art 44 = UCC (Goa has UCC; Uttarakhand passed UCC, 2024, operational Jan 2025).
- Art 48A added by 42nd Amdt — environment.
- Art 39A = free legal aid → NALSA 1987.
- Art 43B = cooperatives (97th Amdt 2011).

✓ KEY FACT

****Quick-recall: DPSPs**** Sixteen articles in Part IV (Arts 36–51) that tell the state to build a just, caring, and peaceful India. They cannot be enforced in court but they guide every law. When the court has to harmonise them with FRs, it treats both as equally basic — *Minerva Mills* 1980. Socialist articles on welfare, Gandhian articles on village life and prohibition, Liberal articles on UCC, separation of powers, and the environment. Key Article numbers: village panchayats = ****Art 40****, UCC = ****Art 44****, environment + forests = ****Art 48A****, legal aid = ****Art 39A****, judiciary's separation from executive = ****Art 50****.

Chapter 8 — Fundamental Duties (Article 51-A, Part IV-A)

8.1 Hook — where FRs face the mirror

FRs + DPSPs were in the 1950 Constitution. **Fundamental Duties were not**. They were added much later — during the **Emergency**. The Indira Gandhi government set up the **Swaran Singh Committee (1976)** which recommended adding duties to balance rights.

The **42nd Amendment, 1976** inserted **Part IV-A (Article 51-A)** with **10 duties**. The **86th Amendment, 2002** added an **11th duty** (parents' responsibility for child's education).

Today: **11 Fundamental Duties**. Non-justiciable (like DPSPs); but a statute can be passed compelling compliance with any duty (e.g., Prevention of Insults to National Honour Act 1971 enforces respect for Constitution + National Flag + Anthem).

8.2 The 11 Fundamental Duties — the text

It shall be the duty of every citizen of India — 1. To **abide by the Constitution** + respect its ideals + institutions + the **National Flag + National Anthem**. 2. To **cherish + follow the noble ideals** of our national freedom struggle. 3. To **uphold + protect the sovereignty, unity + integrity** of India. 4. To **defend the country** + render **national service** when called. 5. To **promote harmony + spirit of common brotherhood** amongst all people + renounce practices derogatory to women's dignity. 6. To **value + preserve the rich heritage**

of our composite culture. 7. To **protect + improve the natural environment** — forests, lakes, rivers, wildlife — + have compassion for living creatures. 8. To develop the **scientific temper, humanism + spirit of inquiry + reform**. 9. To **safeguard public property** + abjure violence. 10. To **strive towards excellence** in all spheres of individual + collective activity. 11. **(Added 2002)** To **provide opportunities for education** to one's child / ward between the ages of 6 and 14.

8.3 Memory palace — put the 11 duties on your daily route

Walk from your home to your exam centre. At each landmark, place one duty: 1. Gate of your home → Constitution + flag (you salute as you leave). 2. Neighbour's freedom-fighter photo → noble ideals of freedom struggle. 3. Border marker / police chowki → sovereignty + integrity. 4. Defence recruitment poster → defend the country. 5. Market with diverse traders → harmony + brotherhood. 6. Heritage monument in your town → rich culture. 7. Tree-lined road → environment. 8. Library / lab → scientific temper. 9. Govt office → safeguard public property. 10. Playground / classroom → strive for excellence. 11. Child at school gate → educate your child (added 2002).

Walk this mentally twice a day for a week; the duties become unforgettable.

8.4 Exam hooks

- **Part IV-A, Article 51-A** — only **one** article with 11 clauses.
- Added by **42nd Amendment, 1976** (Swaran Singh Committee).
- **11th duty** (education for one's child 6–14) added by **86th Amendment, 2002** — same amendment that made education a FR (Art 21A).
- FDs are **non-justiciable** but supported by statutes.
- Apply to **citizens** only (not foreigners).

✓ KEY FACT

****Quick-recall: Fundamental Duties**** Eleven duties, all in one Article — 51-A. Added during the Emergency by the 42nd Amendment 1976 (Swaran Singh Committee recommended them). The 11th duty — parent's responsibility to educate their child aged 6 to 14 — was added by the 86th Amendment 2002. Non-justiciable, but courts cite them and Parliament enforces them through statutes (e.g., the Prevention of Insults to National Honour Act enforces duty #1 on the flag and anthem). Apply only to citizens, not to foreigners.

Chapter 9 — FRs + DPSPs + FDs — The Big Picture

You've just met the three sides of the citizen-state compact. Before moving to institutions (Parts C onwards), step back and see how they fit.

9.1 The three-legged stool

Each leg alone is unstable. FRs without DPSPs = rights but no welfare (*laissez-faire*). DPSPs without FRs = welfare without liberty (authoritarian welfare). Both without FDs = rights + welfare without a responsible citizenry. The three together are India's constitutional identity.

9.2 The harmonisation journey (from clash to cooperation)

Year	Moment	Direction
1951	<i>Champakam</i> → 1st Amdt	FR > DPSP
1971	25th Amdt → Art 31C	DPSP (Arts 39(b) + (c)) > FRs (14, 19)
1973	<i>Kesavananda</i>	Basic structure — any amendment limited
1976	42nd Amdt	Blanket DPSP > all FRs (overreach)
1980	<i>Minerva Mills</i>	Reset — harmonious construction ; both are basic structure
2007	<i>I.R. Coelho</i>	9th Schedule post-1973 laws open to review on basic structure

Bottom line: after *Minerva Mills*, FRs + DPSPs **cannot** be ranked one above the other by Parliament. They are to be **harmoniously construed**.

9.3 Revision test — Part B

Answer each in one sentence, without looking back at the preceding chapters.

1. Which amendment inserted "Socialist" + "Secular" + "Integrity" into the Preamble?
2. Name the 7 Drafting Committee members.
3. Which case first laid down the "reasonable classification" test?
4. What is the 50% ceiling rule + which case laid it down?
5. Which amendment made education a Fundamental Right?
6. Which Article provides for a Uniform Civil Code?
7. Borrowed-from source for DPSPs?
8. 44th Amendment did **four** important things — list them.
9. Name 3 judicially-read-in rights under Art 21.
10. What is the "basic structure" doctrine + the case?

If you got 8+ right, move on. If less, re-read chapters 1 + 6 + 7.

The chapters above cover Parts A and B of the Constitution (the foundations and the citizen-state compact). The Union executive, Parliament, Supreme Court, State structures, Panchayati Raj, electoral bodies, Emergency provisions, amendments, Centre-State relations, and special provisions are all covered in full in the consolidated reference sections (PART X onwards) below — with every Article, every landmark case, and every exam-critical fact.
