EXAMINER BLUEPRINT — What Gets Tested Most

History questions are almost entirely about three things:

- **Dates** — when did it happen?
- **Names** — who did it?
- **One-line significance** — why does it matter?

Narrative matters for understanding, but what earns marks is a **clean table of facts** in your head.

Here is what examiners reach for, across SSC, RRB, Banking, and state PSC exams.

EXAM ALERT

Top 8 exam hotspots in History

1. **Indus Valley Civilisation** — discoverers, excavators, major site locations, key features (Great Bath, no weapons, standardised weights). Questions appear every paper.
2. **Mauryan Empire** — Chandragupta Maurya, Ashoka's Dhamma, pillar edicts, Battle of Kalinga 261 BCE. 2–3 questions every SSC exam.
3. **Delhi Sultanate** — five dynasties with founder and last ruler, Qutub Minar, Ibn Battuta, Timur's invasion. Frequently tested.
4. **Mughal Empire** — all 6 rulers with years, battles (Panipat I/II/III), architectural works, revenue systems. Rich source of questions.
5. **Bhakti and Sufi movements** — saints, their traditions, associated states. 1–2 questions per paper.

How To Use This Book

This book moves through time in a logical sequence:

- **Part A — Ancient India** (pre-history → 650 CE)
- **Part B — Medieval India** (650 → 1526)
- **Part C — The Mughals + Marathas** (1526 → 1803)
- **Part D — Colonial India + Freedom Struggle** (1600s → 1947)
- **Part E — Post-Independence India** (1947 → today)

Three things history rewards:

- **Dates + names + one-line significance.**
- Get those right and you can reconstruct every narrative around them.

How to study a chapter:

- Read it once.
- **Close the book**, test yourself on the key facts.
- That **active retrieval** (not passive re-reading) is what shows up on your score.

Reading pace:

- **One Part per week** is a comfortable pace.
- Each chapter's "**Exam hooks**" section is your revision checklist — if you can answer those, the chapter is done.

How to read this book — your real study load

Part A — Ancient India

The first 3,500 years of Indian civilisation: from the mysterious grid cities of the Indus, through the Vedic pastoral age, into the great empires of the Maurya + Gupta, ending in the classical southern kingdoms. Ancient India is where **foundational facts** come from — the ones memorisable lists (dynasties, cities, texts) that examiners love.

Chapter 1 — Prehistory + Stone Ages

1.1 Hook — the teeth that rewrote the clock

In **2011**, archaeologists excavating **Attirampakkam** near Chennai found **stone tools dated to 1.5 million years ago** — some of the oldest evidence of hominins outside Africa. The find rewrote textbooks on human dispersal into Asia.

India's **stone-age sequence**:

Period	Dates (approx.)	Tools + lifestyle	Key sites
Palaeolithic (Old Stone Age)	2 Mya – 10,000 BCE	Hand-axes, cleavers; nomadic hunter-gatherers	Attirampakkam (TN), Bhimbetka caves (MP, rock paintings 30,000+ yrs), Hunsgi (Karn), Soan valley (Pak), Didwana (Raj).
Mesolithic	10,000 – 6,000 BCE	Microliths — tiny flint tools; domestication begins	Bhimbetka (late), Bagor (Raj), Langhnaj (Guj), Chopani Mando (UP).
Neolithic	6,000 – 1,000 BCE	Polished stone tools, agriculture, pottery, permanent villages	Mehrgarh (Baloch/Pak — earliest farming, 7000 BCE), Burzahom (Kashmir — pit-dwellings), Chirand (Bihar), Koldihwa (UP — rice), Hallur + Maski (Karn).
Chalcolithic (Copper Age)	3,500 – 1,000 BCE	Copper + stone; mostly overlaps with IVC rural periphery	Ahar-Banas (Raj), Malwa, Jorwe (Maha), Kayatha (MP).

Bhimbetka (Raisen dist., MP) — **UNESCO WHS 2003**. 750+ rock shelters; paintings from Upper Palaeolithic through medieval. Subjects: hunting, dancing, rituals, horses + elephants + war-parties. Discovered by V.S. Wakankar (1957).

Mehrgarh — the bridge to Indus Valley. Excavated by **Jean-François Jarrige** from 1974. Shows continuous occupation from 7000 BCE; domesticated wheat + barley + goat + sheep; mud-brick houses; dentistry evidence!

1.2 Exam hooks

- Bhimbetka — UNESCO 2003; MP; rock paintings since Palaeolithic.
- Mehrgarh (Pak/Baloch) — earliest farming in South Asia, 7000 BCE.
- Neolithic tools = **polished**; Mesolithic = **microliths**.
- **Attirampakkam** (TN) — 1.5 Mya tools.
- Koldihwa — earliest **rice cultivation** in India (~7000 BCE evidence).

EXAM ALERT

Quick test: Name one key site for each stone age — Palaeolithic, Mesolithic, Neolithic, Chalcolithic. Also name: which site has India's oldest tools? Which has the earliest farming?

Chapter 2 — Indus Valley / Harappan Civilisation (c. 3300 – 1300 BCE)

Where ancient India's **urbanism** was born — 1,000 years before the Vedic hymns — and where the exam's cheapest marks are.

2.1 Discovery + dating

KEY FACT

TIMELINE ANCHOR — IVC Discovery sequence:

Year	Person	What they did
1826	Charles Masson	Noted Harappa mounds (but didn't identify)
1856	Brunton brothers	Used Harappan bricks for railway ballast
1861	Alexander Cunningham	Founded ASI; visited Harappa 1872
1921	Daya Ram Sahni	Excavated Harappa
1922	R.D. Banerji	Excavated Mohenjo-daro
24 Sep 1924	Sir John Marshall	Announced IVC to the world

Memory shortcut: "Harappa 1921 = Daya Ram Sahni; Mohenjo-daro 1922 = R.D. Banerji" — one year apart, both under direction of Sir John Marshall.

EXAM ALERT

⚠ **TRAP:** Candidates mix up who found which site. Remember: **Harappa = Sahni** (both "H"/"S" appear in each other), **Mohenjo-daro = Banerji** (both "B"/"M" are different — just memorise the order 1921→1922). Sir John Marshall was the director who oversaw both — he did not personally dig.

- **1826** — **Charles Masson** (ex-soldier turned explorer) noted a brick mound at Harappa; published 1842, not identified as a lost civilisation.
- **1856** — **John + William Brunton**, railway engineers, used Harappan bricks as ballast for the **Karachi–Lahore railway line** (unwittingly dismantling parts of the site).
- **1861** — **Archaeological Survey of India** founded; **Alexander Cunningham**, first DG, visited Harappa 1872 + misidentified the seals.
- **1921** — **Daya Ram Sahni** (ASI), at direction of **Sir John Marshall**, excavated Harappa.
- **1922** — **R.D. Banerji** found similar material at Mohenjo-daro.
- **24 September 1924** — **Sir John Marshall** announced to the world (via *Illustrated London News*) that India had an urban civilisation contemporary with Egypt + Mesopotamia. **Formal "discovery" date.**
- **Radiocarbon dating** (1950s on, D.P. Agrawal) fixed the mature phase at **2600 – 1900 BCE.**

PHASES

Phase	Dates	What happened
Early Harappan (Ravi / Regionalisation)	3300 – 2600 BCE	Proto-urban villages; Mehrgarh tradition; standardised pottery, copper.
Mature Harappan	2600 – 1900 BCE	City phase; grid towns; script; seals; long-distance trade; <i>the "classical" IVC.</i>
Late Harappan / Localisation	1900 – 1300 BCE	De-urbanisation; ruralisation; break into regional cultures — Cemetery H, Jhukar, Rangpur IIB–C.

Bhirrana	Haryana	2005 (L.S. Rao)	Some claim earliest site — ~7500 BCE pottery (controversial).

2.3 Town planning — the hallmark feature

KEY FACT

Mnemonic — "GRID-BURN" for IVC town-planning features (already noted in §2.8 — use it here too): **Grid** streets, **Ratio** 1:2:4 bricks, **Indus**-style covered drains, **Dual** mounds (citadel + lower town), **Burnt** bricks (kiln-fired), **Uniform** weights, **Regulation** across 1,500 km, **No** temples or palaces clearly identified.

Key fact to memorise: Every Harappan city follows the same grid-drain-brick pattern across 1,500 km — this shows a **central standardising authority**, not just local tradition. Examiners test "what does the uniformity suggest?"

CITADEL + LOWER TOWN MODEL

Every major Harappan city has **two mounds**: 1. **Citadel** (upper town) — smaller, raised, usually to the west; public buildings (Great Bath, granary, assembly halls). 2. **Lower town** — to the east, residential + commercial.

Exception: **Dholavira** has **3-part** division (citadel + middle + lower town) + **Chanhudaro** has **no citadel**.

THE GRID

Streets cut each other at **right angles**, in a perfect grid — unprecedented in the Bronze Age. North-south + east-west. Width up to 9 m.

STANDARDISED BURNT BRICKS

Ratio **1:2:4** (thickness : width : length), e.g., $7 \times 14 \times 28$ cm. Same ratio across 1,500 km of territory + 700 years — strong evidence of a **standardising authority**. Kiln-fired (burnt, not sun-dried) — far more durable than Mesopotamian mud-brick.

DRAINAGE — THE SIGNATURE FEATURE

Covered drains along every street; burnt brick with stone/wooden covers; gradient-engineered for gravity flow; house-to-street connection; manholes at intervals for cleaning. **Gordon Childe** called it *"more advanced than anything in the ancient world"*.

GREAT BATH — MOHENJO-DARO

$11.9 \times 7 \times 2.4$ m deep. Watertight via finely fitted bricks + gypsum mortar + a layer of bitumen (extraordinary). Steps at N + S. Attached dressing rooms. **Probably ritual bathing** (purification) by a priestly elite — not recreational.

GRANARIES

- Harappa: 6 granaries in two rows of 3, each $\sim 15 \times 6$ m.
- Mohenjo-daro: one massive granary ($\sim 50 \times 27$ m).
- Located near the citadel → **state-controlled** grain.

2.4 Society + daily life

- **Social structure**: no royal tombs or palaces → likely a *merchant + priestly oligarchy*, not a king. Wheeler's "imperial" ruling-class theory largely rejected.
- **Food**: wheat + barley (staple); rice (Lothal, Rangpur); pulses; sesame + mustard + dates + melons.
- **Animals**: zebu cattle, sheep, goat, buffalo, dog, pig; camels (some sites); **horse disputed** (only Surkotada strongly).
- **Cotton** — earliest known textile in the world; Mesopotamian tablets called cloth from Sindh "**Sindhon**".
- **Religion (inferred, no temples)**: Mother Goddess (figurines); **Pashupati Seal** (proto-Shiva); linga + yoni stones; tree (pipal) + animal worship; **fire altars** at Kalibangan + Lothal.
- **Script**: pictographic; ~ 400 – 600 symbols; right-to-left first line then boustrophedon; ~ 5 signs per seal; **unread** despite decades of effort. **Dholavira signboard** = 10 characters on wood → world's earliest signboard.

2.5 Economy + trade

- **Bronze** (Cu + Sn from Afghanistan) metallurgy; **no iron**.
- Wheel-turned pottery — plain red with black painted motifs.
- Bead centres at **Chanhudaro + Lothal** (carnelian, agate, jasper, lapis).
- **Cotton textiles** — world first.
- **Seals** — steatite, ~ 2.5 cm², animal motif + short inscription.

- Sumerian tablets call India "**Meluhha**" (land of cotton + carnelian).
- Harappan seals found at **Ur, Susa, Tell Asmar**.
- Lothal **dockyard** (218 × 37 × 3.3 m) — likely tidal basin for trading ships.
- **Persian Gulf seal** at Lothal = Dilmun (Bahrain) intermediary trade.
- Weights — **binary** below 16, **decimal** above; chert stone.

2.6 Decline (c. 1900 – 1300 BCE) — the debated collapse

Causes — no single theory fully explains it:

1. **Climate change + Saraswati dry-up** — after ~2000 BCE the Ghaggar-Hakra dried up; palaeoclimate (ISRO) supports the **4.2-kiloyear event**, an abrupt monsoon weakening that also collapsed Old Kingdom Egypt + Akkad.
2. **Shifting river courses** — Indus changed course, leaving Mohenjo-daro high + dry.
3. **Ecological degradation** — deforestation for brick kilns.
4. **Floods** — repeated Indus floods; silt layers.
5. **Earthquakes** — Dholavira shows damage.
6. **Aryan invasion theory** (Wheeler 1947) — **discredited**. Mohenjo-daro "massacre" skeletons are from different periods + show no violent deaths.
7. **Internal trade collapse** — Mesopotamian demand fell.

Outcome: NOT wipe-out. De-urbanisation → rural continuation → absorption into **Cemetery H** (Punjab), **Jhukar** (Sindh), **Rangpur IIB/C** (Gujarat), **Painted Grey Ware** culture of the Gangetic plain (1200 BCE) → Vedic.

2.7 Famous artefacts — memorise each

Artefact	Site	Material	Significance
Dancing Girl	Mohenjo-daro	Bronze	10.5 cm figurine; lost-wax casting; confident stance.

Artefact	Site	Material	Significance
Priest-King	Mohenjo-daro	Steatite	17.5 cm bust, fillet + trefoil robe; meditative half-closed eyes.
Pashupati Seal	Mohenjo-daro	Steatite	3-faced horned deity in yogic posture surrounded by tiger, elephant, rhino, buffalo + 2 deer → proto-Shiva .
Bronze bull	Kalibangan	Bronze	Finely cast.
Bronze chariot	Daimabad	Bronze	2 oxen + charioteer; 60 cm long; heaviest bronze of the era.
Plough model	Banawali	Terracotta	Confirms ploughing.
Swastika + pipal motifs	Multiple	—	Predate Hindu/Buddhist iconography.
Dholavira signboard	Dholavira	Wood + gypsum	10 script characters — world's first signboard.

EXAM ALERT

Quick test: List the 6 major Harappan cities and their present-day states/countries. Also: who discovered Harappa? Who excavated Mohenjo-daro? What is the Great Bath made of?

Chapter 3 — The Vedic Age (c. 1500 – 600 BCE)

3.1 Hook — what the Rig Veda records

Around **1500 BCE**, the hymns of the **Rig Veda** describe a pastoral people — speakers of **Old Indo-Aryan** — in the region of the **Sapta-Sindhu** (seven rivers of the Punjab + eastern Afghanistan). They speak of battles with the *Dasas* + *Panīs*, rivers by names we still recognise (Sindhu, Saraswati, Ganga, Yamuna), and gods of thunder + fire + water (**Indra, Agni, Varuna**).

Whether these "Aryans" **migrated** into India or **emerged indigenously** is one of the most politically loaded debates in Indian historiography. Recent **ancient DNA** (Narasimhan et al., 2019) points to a **Steppe migration** into South Asia between **2000–1500 BCE**, mixing with the existing Harappan-descended population. Recent DNA from **Rakhigarhi (2019)** found no Steppe ancestry in the IVC skeleton sampled, consistent with a post-IVC migration.

3.2 Early vs Later Vedic — the contrast you must know

KEY FACT

Quick recall — Early vs Later Vedic in 4 contrasts:

Axis	Early Vedic (1500–1000 BCE)	Later Vedic (1000–600 BCE)
Geography	Punjab (Indus basin)	Gangetic plain (eastward shift)
Economy	Cattle = wealth (pastoral)	Plough + rice + iron tools
Society	Relatively equal; women in rituals	Varna hardens into hereditary jati
Religion	Nature gods (Indra, Agni, Varuna)	Trimurti + elaborate yajnas + Upanishads

Mnemonic — "GELS": Geography shifts east, Economy shifts to agriculture, Life-stages (ashrama) codified, Society hardens.

Feature	Early Vedic (1500 – 1000 BCE)	Later Vedic (1000 – 600 BCE)
Geography	Punjab + Sapta-Sindhu (Indus basin)	Gangetic plain; eastward shift
Economy	Pastoral — cattle (<i>gomat</i>) = wealth	Agricultural — plough + rice; iron (1000 BCE)
Political unit	Tribe (<i>jana</i>); <i>rajan</i> (chief) + sabha + samiti	Janapadas → Mahajanapadas; king (<i>samrat</i>); rise of caste-based kingship
Society	Broadly egalitarian; women participated in rituals + could marry late	Varna hardened into jati ; patriarchy strengthens; child marriage begins
Religion	Nature deities — Indra, Agni, Varuna, Mitra, Surya, Soma	Trimurti emerging — Brahma, Vishnu, Rudra-Shiva; elaborate yajnas; philosophical Upanishads
Texts	Rig Veda (1028 hymns, 10 Mandalas)	Sama, Yajur, Atharva Vedas; Brahmanas (ritual commentary); Aranyakas (forest meditations); Upanishads (philosophy)
Literature	Oral (<i>shruti</i>)	Oral + increasingly systematised

3.3 The 4 Vedas + their allied texts

- **Rig Veda** — **1028 hymns** (*suktas*) in 10 **Mandalas** (books). Oldest Mandalas: 2–7 (family Mandalas). Mandala 10 includes **Purusha Sukta** (first mention of the 4 varnas) + **Nasadiya Sukta** (on creation).
- **Sama Veda** — **melodies** for chanting; origin of Indian classical music.
- **Yajur Veda** — **formulae** for rituals; 2 schools — Shukla (white) + Krishna (black).
- **Atharva Veda** — spells, charms, folk medicine; darker in tone; admitted to canon only later.

108 principal Upanishads — 10 "classical" ones (Isha, Kena, Katha, Prashna, Mundaka, Mandukya, Taittiriya, Aitareya, Chhandogya, Brihadaranyaka). Contain the ideas of **Brahman**, **Atman**, **karma**, **moksha**. Gave rise to 6 orthodox schools of philosophy (**Darshanas**): Nyaya, Vaisheshika, Samkhya, Yoga, Purva Mimamsa, Vedanta (Uttara Mimamsa).

3.4 Vedic society — varna + the 4 ashramas

Varna — the fourfold social order, first mentioned in Purusha Sukta (Rig Veda 10.90):

1. **Brahmin** — priests + scholars.

Chapter 4 — The 16 Mahajanapadas + the Rise of Magadha

4.1 Hook

By **600 BCE**, tribal *janapadas* had consolidated into **16 Mahajanapadas** ("great kingdoms"). **Buddhist Anguttara Nikaya** + **Jain Bhagavati Sutra** name them. Most were kingdoms; a few — **Vajji** (capital Vaishali) + **Malla** (Kusinara) — were **gana-sanghas** (tribal republics, with assembly-based governance).

4.2 The 16 Mahajanapadas — map in your head

Chapter 5 — Buddhism

5.1 Hook — a prince who walked out at 29

Around **563 BCE** (traditional; some scholars 480 BCE), a prince was born in the **Shakya** republic of Kapilavastu to **Suddhodana + Maya**. He renounced the palace at **29** after the **4 sights** (old man, sick man, dead man, ascetic). Attained enlightenment at **35** under a **pipal tree** at **Bodh Gaya**. Gave his **first sermon (Dhamma-chakka-pavattana)** at **Sarnath (Deer Park)** to 5 ascetics. **Mahaparinirvana** at **Kusinara** at **80**.

His name: **Siddhartha Gautama**. His title: **the Buddha** ("awakened").

5.2 The Four Noble Truths + the Eightfold Path

The **Four Noble Truths (Arya Satyas)**: 1. **Dukkha** — life is suffering. 2. **Samudaya** — cause of suffering is *tanha* (craving). 3. **Nirodha** — suffering can be ended. 4. **Magga** — the path to ending it.

The **Eightfold Path (Ashtanga Marga)** — the "Middle Way" between indulgence + extreme asceticism:

5.3 The Triratna + the Sangha

- **Buddha** — the teacher.
- **Dhamma** — the teachings.
- **Sangha** — the community of monks + nuns.

Admission was open to all castes (first egalitarian social revolution in India). **Women admitted** only after Buddha's foster-mother **Mahaprajapati Gotami** persuaded him (with Ananda's intercession).

5.4 Buddhist Councils — the 4 you must know

KEY FACT

TIMELINE ANCHOR — 4 Buddhist Councils:

Council	Place	Year	Patron	Chair	What happened
1st	Rajagriha	483 BCE	Ajatashatru	Mahakashyapa	Compiled Sutta + Vinaya Pitakas
2nd	Vaishali	383 BCE	Kalashoka	Sabakami	First schism: Sthaviras vs Mahasanghikas
3rd	Pataliputra	250 BCE	Ashoka	Moggaliputta Tissa	Added Abhidhamma Pitaka; sent missions abroad
4th	Kundalavana (Kashmir)	1st c CE	Kanishka	Vasumitra	Mahayana crystallised; commentaries compiled

Mnemonic — "R-V-P-K" for places: **R**ajagriha, **V**aishali, **P**ataliputra, **K**undalavana/Kashmir. Say it as: **"Really Very Pretty Kashmir"** — the 4 council locations in order.

Chair shortcuts: 1st = **Mahakashyapa**; 2nd = **Sabakami**; 3rd = **Moggaliputta Tissa** (under Ashoka); 4th = **Vasumitra** (under Kanishka).

⚠ **TRAP:** The 3rd Council was at **Pataliputra** under **Ashoka** — candidates often confuse Pataliputra with Rajagriha (the 1st council). Rajagriha = 1st council (483 BCE); Pataliputra = 3rd council (250 BCE, Ashoka). Also note: the **4th council** in **Kashmir** is associated with **Kanishka** (Kushana king) and crystallised Mahayana Buddhism — not Hinayana.

5.5 The 2 major schools

- **Hinayana / Theravada** — "lesser vehicle"; individual salvation; Pali canon; conservative. Today: Sri Lanka, Myanmar, Thailand, Laos, Cambodia.

- **Mahayana** — "greater vehicle"; universal salvation via Bodhisattvas; Sanskrit texts; from Kanishka's time. Today: China, Japan, Korea, Tibet, Mongolia, Bhutan, Vietnam.

Later: **Vajrayana** (tantric Buddhism) — Tibet, Bhutan, Ladakh.

5.6 Buddhist texts

- **Tripitaka (3 baskets)** — in **Pali**:
- **Vinaya Pitaka** — monastic rules.
- **Sutta Pitaka** — Buddha's discourses; the largest.
- **Abhidhamma Pitaka** — philosophical analysis (added at the 3rd Council).
- **Dhammapada** — famous anthology of verses.
- **Jataka Tales** — 547 stories of Buddha's previous lives.
- **Milindapanha** — dialogue between Greek king Menander (Milinda) + Buddhist monk Nagasena.

5.7 Decline of Buddhism in India

1. Revival of Hinduism + Bhakti movement.
2. Adi Shankaracharya's debates (8th century) + philosophical challenge.
3. Huna invasions (Mihirakula destroyed monasteries).
4. Muslim invasions (Bakhtiyar Khilji destroyed **Nalanda** + **Vikramshila**, c. 1193 CE).
5. Patronage shift — Guptas + Pushyabhutis favoured Hinduism.
6. Internal corruption in monasteries.

Buddhism survived in Tibet + SE Asia; revived in India post-1956 via **Dr B.R. Ambedkar's Navayana movement** (conversion of ~5 lakh Dalits at **Deekshabhoomi, Nagpur, 14 October 1956**).

5.8 Exam hooks

- Born **Lumbini** (Nepal); enlightenment **Bodh Gaya** (Bihar); first sermon **Sarnath** (UP); nirvana **Kusinara** (UP).
- **Four Noble Truths** + **Eightfold Path**.
- **Tripitaka** in **Pali**.
- **4 Councils** — Rajagriha (483 BCE, Mahakashyapa) → Vaishali (383 BCE) → Pataliputra (250 BCE, Ashoka, Moggaliputta Tissa) → Kundalavana (1st c CE, Kanishka, Vasumitra).
- **Mahaprajapati Gotami** — first Buddhist nun.
- Nalanda + Vikramshila destroyed by **Bakhtiyar Khilji, 1193 CE**.

◎ CHAPTER SUMMARY — EVERYTHING IN ONE VIEW

Chapter 6 — Jainism

6.1 Hook — 24 Tirthankaras + the historical ones

Jainism recognises **24 Tirthankaras** ("ford-makers"). The **first** was **Rishabhanatha (Adinatha)** — mentioned in the Rig Veda; symbol: BULL. The **23rd — Parshvanatha** (c. 872-772 BCE) — is historical; preached 4 vows (ahimsa, satya, asteya, aparigraha); symbol: snake. The **24th — Mahavira** (c. 540-468 BCE, traditional) added the 5th vow **brahmacharya**.

6.2 Mahavira — the 24th Tirthankara

- Born **Kundagrama** (near Vaishali, Bihar) to **Siddhartha + Trishala** of the Jnatrika clan. Original name **Vardhamana**.
- Married Yashoda; had a daughter Priyadarshana. Renounced at 30; wandered 12 years; attained **Kaivalya** at 42 at **Jrimbhikagrama** under a Sal tree.
- Called **Mahavira** ("great hero") + **Jina** ("conqueror") — source of the religion's name.
- **Mahaparinirvana** at **Pavapuri** (Bihar) aged 72, 468 BCE traditional.

6.3 Core doctrines

- **Panch Mahavratas (5 great vows)** for monks: 1. **Ahimsa** — non-violence (extended to microbes). 2. **Satya** — truth. 3. **Asteya** — non-stealing. 4. **Aparigraha** — non-possession. 5. **Brahmacharya** — celibacy (added by Mahavira).
- **Triratna** — right faith (samyak darshana), right knowledge (samyak gnyana), right conduct (samyak charitra).
- **Anekantavada** — non-absolutism; reality has multiple aspects. **Syadvada** — "may be" theory; 7-fold predication; all statements qualified with *syat* ("perhaps").
- **No creator god**; soul (*jiva*) + matter (*ajiva*); karma as particulate.

6.4 The two sects

Post-Mahavira (~1st cent. BCE), Jainism split, after the great famine of Magadha (c. 298 BCE) prompted **Bhadrabahu** to migrate south with a group while **Sthulabhadra** stayed in Magadha:

- **Digambara** ("sky-clad") — nude monks; reject women's moksha (must be reborn male); hold 19th Tirthankara Malli was male. Southern/Karnataka focus.
- **Shvetambara** ("white-clad") — white-robed monks + nuns; allow women's ordination; Malli was female. Gujarat/Rajasthan focus.

6.5 Councils + texts

- **First Jain Council — Pataliputra (c. 300 BCE)** under Sthulabhadra; compiled **12 Angas** (but the 12th, Drishtivada, was already lost). Digambaras rejected the compilation.
- **Second Jain Council — Valabhi (453 or 466 CE)** under Devarddhi Kshamashramana; committed Shvetambara canon (45 Agamas) to writing.

Kalpa Sutra (by Bhadrabahu — lives of Tirthankaras) + **Tattvartha Sutra** (by Umaswami; common to both sects).

6.6 Royal patrons

- **Chandragupta Maurya** (reputedly) retired as a Jain monk under Bhadrabahu at Shravanabelagola.
- **Kharavela** of Kalinga (Hathigumpha Inscription, ~150 BCE).
- **Amoghavarsha** (Rashtrakuta).

- **Kumarapala** (Chalukya, Gujarat).

6.7 Heritage sites

- **Shravanabelagola** (Karnataka) — 57-ft monolithic **Gommateshwara (Bahubali)** statue, erected 981 CE by **Chamundaraya**. Head-anointing ceremony (**Mahamastakabhisheka**) every 12 years.
- **Dilwara Temples**, Mt Abu — 11th-13th c., marble carving of the world's finest order.
- **Palitana** (Gujarat, Shatrunjaya Hill) — 863 temples.
- **Ranakpur** (Rajasthan) — 1444 pillars, no two alike.
- **Udayagiri + Khandagiri** caves (Odisha) — Kharavela's era, rock-cut chambers + Hathigumpha inscription.

6.8 Exam hooks

- 24 Tirthankaras; 1st = Rishabhanatha, 23rd = Parshvanatha, 24th = Mahavira.
- **5 Mahavratas** — Ahimsa, Satya, Asteya, Aparigraha, **Brahmacharya** (Mahavira).
- 2 sects — **Digambara** (nude, Karnataka) + **Shvetambara** (white, Gujarat).
- **Kharavela** of Kalinga — **Hathigumpha Inscription**, Odisha.
- **Chandragupta Maurya** reputedly died via **sallekhana** at **Shravanabelagola**.

Chapter 7 — Mauryan Empire (322 – 185 BCE)

EXAM ALERT

Mauryan Empire — must-know facts

- **Founded:** 322 BCE by **Chandragupta Maurya** (guide: **Chanakya/Kautilya**)
- **Greek ambassador:** **Megasthenes** (wrote *Indika*); came under Chandragupta
- **Ashoka's Kalinga war:** **261 BCE** → adopted Dhamma
- **Brahmi script deciphered by:** **James Prinsep, 1837**
- **Ashoka's title on edicts:** *Devanampiya Piyadasi* (identified as Ashoka only in 1915)
- **Sarnath Lion Capital** → India's **national emblem** (adopted 26 Jan 1950)
- **End of Mauryan empire:** 185 BCE — **Pushyamitra Sunga** assassinated last Mauryan **Brihadratha**
- **Arthashastra** = Kautilya's manual of statecraft (15 books)

7.1 Founder — Chandragupta Maurya

Chandragupta (r. 322 – 298 BCE) overthrew **Dhana Nanda** with the guidance of **Chanakya / Kautilya / Vishnugupta**. Defeated **Seleucus Nicator** (Alexander's successor) in **305 BCE**; gained Gandhara + E. Iran in exchange for 500 war elephants; married Seleucus's daughter Helen. Received the Greek ambassador **Megasthenes** (author of *Indika*). Abdicated ~298 BCE; reportedly became a Jain monk + died by *sallekhana* at **Shravanabelagola**.

7.2 Bindusara (r. 298 – 273 BCE) — the in-between king

Consolidated the empire south to Karnataka. Greek accounts call him **Amitrochates** (from *Amitraghata*, "slayer of enemies"). Patronised the **Ajivika** sect. Received a Greek ambassador **Deimachus**.

7.3 Ashoka the Great (r. 268 – 232 BCE)

KEY FACT

Quick recall — Ashoka's 5 key facts: 1. **Kalinga War** = 261 BCE → moral transformation → adopts Dhamma 2. **Edicts in Brahmi** script (deciphered by James Prinsep, **1837**) 3. **Title on edicts** = "Devanampiya Piyadasi" (identified as Ashoka only in **1915**) 4. **Lion Capital at Sarnath** = India's national emblem (adopted 26 Jan 1950) 5. **Dharma Chakra** on India's flag = from Sarnath Lion Capital

Mnemonic — "K-E-T-L-D": Kalinga War, Edicts in Brahmi, Title "Piyadasi", Lion Capital, Dhamma missions abroad.

EXAM ALERT

⚠ **TRAP:** The Brahmi script was deciphered by **James Prinsep in 1837** — not by John Marshall (who announced IVC in 1924) or Alexander Cunningham. These three names get swapped in options frequently. Also: Ashoka's edicts say "Piyadasi" — his name "Ashoka" was confirmed only in **1915** by linking an inscription at Maski.

- Killed rivals to seize the throne.
- **Kalinga War (261 BCE)** — 100,000 killed, 150,000 deported → Ashoka's transformation. Adopted **Dhamma** (Buddhist ethics + moral governance).
- **Rock + Pillar Edicts** — 14 major rock edicts + 7 pillar edicts + minor ones, in **Brahmi** (and Kharoshthi in NW). **James Prinsep** deciphered Brahmi + Kharoshthi in **1837**.

- **Missions abroad** — Buddhist missionaries sent to Sri Lanka (son **Mahendra** + daughter **Sanghamitra** took a Bodhi tree cutting), SE Asia, Syria, Egypt, Macedonia.
- **Title "Devanampiya Piyadasi"** ("beloved of the gods, one of pleasing appearance") on edicts — identified as Ashoka only in 1915.
- Built **Sanchi Stupa** (Madhya Pradesh, 3rd c. BCE; later expanded by Sungas + Satavahanas).

Ashoka's Edicts — key ones to memorise:

Edict	Content
Major Rock Edict I	Ban on animal sacrifice + festivals.
Major Rock Edict II	Medical care for humans + animals.
Major Rock Edict IV	Moral progress (Dhamma -ghosha over Bheri -ghosha — drumbeats of morality, not war).
Major Rock Edict VI	Tours by officials to meet common people.
Major Rock Edict X	Rejection of fame + glory.
Major Rock Edict XIII	Kalinga war account + remorse + missions to Greek kings. The longest edict.
Rumindei Pillar	At Lumbini — commemorates Buddha's birthplace.
Nigali Sagar Pillar	Commemorates Kanakamuni Buddha's stupa expansion.
Allahabad Pillar	Original Ashokan inscription + later Samudragupta + Jahangir inscriptions added.
Saranath Pillar	Capital = the Lion Capital → India's national emblem (adopted 26 Jan 1950).

7.4 Mauryan administration — Arthashastra

Kautilya's Arthashastra — a 15-book manual of statecraft.

- **Central Administration** — King + Council (Mantri Parishad).
- **Provincial** — 4 Provinces: **Uttarapatha** (Taxila), **Dakshinapatha** (Suvarnagiri), **Avantiratta** (Ujjain), **Kalinga** (Tosali) — each under a prince or governor (*Kumara*).
- **District (Ahara) → Village (Grama).**
- **Revenue** — land tax (1/6th usually), customs, tolls, fines, mines.
- **Spy network** (*Gudhapurushas*) — a signature feature of Mauryan state.
- **Army** — Megasthenes reported 600,000 foot, 30,000 horse, 9,000 elephants, 8,000 chariots — among the largest ancient armies.

7.5 Decline of the Mauryas

After Ashoka: successors weak (Dasaratha → Samprati → Shalishuka → Devavarman → Shatadhanvan → **Brihadratha**). The last Mauryan **Brihadratha** was **assassinated by his own general Pushyamitra Sunga** in **185 BCE**, founding the **Sunga dynasty**.

7.6 Exam hooks

- **Chandragupta Maurya** — **322 BCE**, overthrew Dhana Nanda with Chanakya.
- Defeated **Seleucus Nicator** (305 BCE).
- **Megasthenes** = Seleucus's ambassador; wrote *Indika*.
- Ashoka's **Kalinga war** — **261 BCE**.
- James **Prinsep** deciphered **Brahmi + Kharoshthi** — **1837**.
- **Sarnath Lion Capital** = India's national emblem.
- **Pushyamitra Sunga** killed **Brihadratha** — **185 BCE**; ended Maurya.
- Ashoka title on edicts: **Devanampiya Piyadasi**.

Chapter 8 — Gupta Age (320 – 550 CE) — India's Classical Golden Age

8.1 Hook — the age of Sanskrit classics + decimal mathematics

This is when **Kalidasa** wrote *Shakuntala*, **Aryabhata** propounded the **decimal place-value + zero**, **Varahamihira** wrote *Brihatsamhita*, **Nalanda University** flourished, and the **Gupta gold coins** were among the finest ever struck. Tag: "**Golden Age of Classical India**".

8.2 Major Gupta rulers

KEY FACT

Mnemonic — "SGC-SCI-KS" for Gupta rulers in order: **S**ri Gupta → **G**hatotkacha → **C**handragupta I → **S**amudragupta → **C**handragupta II → **K**umaragupta → **S**kandagupta.

Or remember: "**Saintly Ghosts Can Sing Classical Kannada Songs.**"

The "Golden Age" ruler = Chandragupta II (Vikramaditya), not Samudragupta or Chandragupta I. Samudragupta = "Napoleon" (conqueror). Chandragupta II = cultural peak. Students confuse these two.

EXAM ALERT

⚠ TRAP: "Vikramaditya" is a **title** (meaning "Sun of Valour"), not a personal name. **Chandragupta II** carried this title. The legendary Vikramaditya of the *Vetala Panchavimsati* (who had 9 gems including Kalidasa in his court) = Chandragupta II. Do not confuse with Chandragupta I (Gupta Era founder) or Chandragupta Maurya (322 BCE). Three different Chandraguptas — this trips up many candidates.

Ruler	Dates	Key facts
Sri Gupta	c. 240 – 280 CE	Founder; obscure.
Ghatotkacha	c. 280 – 319	—

Chapter 10 — Chola Empire + South Indian Kingdoms

10.1 Hook — the maritime empire before Vasco da Gama

By **1025 CE**, a Tamil empire stretched from the banks of the Ganga to the coasts of **Sumatra** — the **Chola Empire** under **Rajendra I**. India's only pre-modern overseas empire.

10.4 Chola local government — Uttiramerur inscriptions

Uttiramerur (c. 919 CE, Parantaka Chola I) — inscribed details of village **sabha** elections:

- **Kudavolai** (pot-ticket) system — names on palm-leaf, drawn by a child priest.
- Qualifications: own land of 1/4 veli; own house on it; age 35–70; knowledge of Vedas + Dharmashastra; honest character.
- Disqualifications: embezzlers, close-relative office-holders, tax defaulters.
- 30 wards → 30 members; 1-year term; **6 variyams (committees)** — annual, garden, tank, standing, gold, justice.

Studied by Ambedkar + Constituent Assembly while framing Panchayati Raj (Art 40 DPSP).

10.5 Chola art — bronze Nataraja

Nataraja (Shiva as cosmic dancer, Tandava pose) — iconic Chola bronze.

- 4 arms — damaru (drum — time/creation), agni (fire — destruction), abhaya mudra (fearlessness), lower-left pointing to raised foot (moksha).
- Right foot crushes **Apasmara** (dwarf of ignorance).
- Dances within **prabhamandala** (circle of fire — cosmos).
- **Chidambaram** = primary Nataraja temple (one of the *Panch Bhoota Sthalams* — represents AKASHA/ether).

10.6 Exam hooks

- 3 Sangam-age dynasties: **Cheras, Cholas, Pandyas**.

- **Karikala Chola** built **Kallanai / Grand Anicut** (~150 CE).
- **Brihadeshvara Temple** (Thanjavur) — Rajaraja Chola I (1010 CE).
- **Rajendra Chola I** — conquered **Sri Vijaya** (1025 CE naval expedition).
- Chola **Uttiramerur** inscription — village sabha election procedure (919 CE, Parantaka I).
- **Nataraja** iconic bronze → Chola.

Part B — Medieval India (650 – 1526)

The eight centuries between Harsha's death (647 CE) and Babur's invasion (1526) reshape India. North India fragments into a **tripartite struggle** for Kannauj; then comes the **first Islamic foothold** at Sindh (712), the **Ghaznavid + Ghurid raids**, and finally the **Delhi Sultanate** — five dynasties over 320 years. Parallel currents: the **Bhakti + Sufi movements**, and in the south the **Vijayanagar–Bahmani** rivalry.

Chapter 11 — North Indian Kingdoms + Early Islamic Invasions

11.1 The Tripartite Struggle for Kannauj (8th – 10th c.)

After Harsha, **Kannauj** (modern UP) becomes the political centre of north India — whoever holds Kannauj is "Emperor of Hindustan". Three powers fight for it for ~200 years.

Dynasty	Region	Founder	Famous ruler	Capital
Gurjara-Pratiharas	NW India	Nagabhata I	Mihira Bhoja (836–885)	Kannauj
Palas	Bengal + Bihar	Gopala (750, elected)	Dharmapala, Devapala	Munger / Pataliputra
Rashtrakutas	Deccan	Dantidurga (753)	Krishna I (Kailasa temple, Ellora); Amoghavarsha	Manyakheta

KEY FACT

Three things examiners ask about the tripartite struggle

1. The **3 contenders** — Pratiharas, Palas, Rashtrakutas — and that **Kannauj** is the prize.
2. **Mihira Bhoja** (Pratihara, c. 836–885) eventually held Kannauj longest; Arab traveller **Sulaiman** praised his cavalry.
3. **Pala patronage of Buddhism** — **Vikramashila** university founded by **Dharmapala** (~800 CE); **Nalanda** continued under Pala support.

11.2 Rashtrakuta cultural legacy

- **Krishna I** built the rock-cut **Kailasa temple at Ellora (Cave 16)** — carved top-down out of a single basalt cliff (~756 CE). UNESCO WHS.
- **Amoghavarsha I** (814–878) wrote **Kavirajamarga** (oldest Kannada literary work) and patronised Jainism.
- Rashtrakutas' Arab contemporary **Al-Masudi** called the king "Ballhara" — greatest of the four kings of the world (the others being the Caliph, the Byzantine Emperor, and the Chinese Emperor).

11.3 Arab invasion of Sindh (712 CE) — Islam arrives in India

- **712 CE — Muhammad bin Qasim**, 17-year-old general of the Umayyad Caliphate, defeats **Raja Dahir** of Sindh at **Rohri / Aror**.
- He governs Sindh + Multan as Arab provinces; first sustained Muslim political presence in the subcontinent.
- Pretext: piracy on Arab ships off Debal; campaign authorised by Governor **Al-Hajjaj bin Yusuf**.
- **Limit**: the conquest stays a frontier province; never penetrates beyond Multan. Arab control over Sindh lasts ~3 centuries.

COMMON TRAP

Trap — Sindh 712 was NOT the "Muslim conquest of India". Arab control is local + brief. The decisive Islamic intrusion is the **Ghaznavid + Ghurid raids** from Afghanistan ~300 years later.

11.4 Mahmud of Ghazni (raids 1000 – 1027 CE)

- Son of Sabuktigin; ruler of **Ghazni** (eastern Afghanistan).
- **17 raids** into India between 1000 and 1027 — primarily for **plunder**, not territorial conquest.
- **1025 — Somnath temple raid (Gujarat)** — most famous; idol destroyed, treasury looted. Defended by Bhima I of Anhilwara (Solanki/Chalukya).
- Brought scholar **Al-Beruni** (Abu Rayhan) to India — wrote **Kitab-ul-Hind / Tahqiq-i-Hind** (~1030 CE), the first ethnographic study of India by an outsider.
- Court poet **Firdausi** wrote the **Shahnama**.

11.5 Muhammad of Ghor (1175 – 1206) — the conquest begins

- Real name **Muizz-ud-din Muhammad bin Sam** of the Ghurid dynasty.
- **1191 — First Battle of Tarain** — defeated by Prithviraj Chauhan III (Rajput confederacy).
- **1192 — Second Battle of Tarain** — Ghori defeats Prithviraj; Delhi + Ajmer fall. This is the **decisive battle** that begins Muslim rule in north India.
- **1194 — Battle of Chandawar** — defeats Jayachandra of Kannauj.
- Leaves general **Qutb-ud-din Aibak** as governor; assassinated 1206.

EXAM QUESTION

PYQ-style: The Second Battle of Tarain (1192) was fought between:

- (a) Muhammad of Ghor and Jayachandra
- (b) Mahmud of Ghazni and Prithviraj Chauhan
- (c) **Muhammad of Ghor and Prithviraj Chauhan III**
- (d) Muhammad bin Qasim and Raja Dahir

Ans: (c). 1191 = Tarain I (Prithviraj wins); 1192 = Tarain II (Ghori wins, decisive). 1194 = Chandawar (vs Jayachandra). 712 = Sindh (vs Dahir).

11.6 Exam hooks — Chapter 11

- Tripartite struggle = **Pratiharas (NW) + Palas (Bengal) + Rashtrakutas (Deccan)** for **Kannauj**.
- **Kailasa temple Ellora** — Krishna I (Rashtrakuta), rock-cut, ~756 CE.
- **Vikramashila University** — founded by Dharmapala (Pala).

- **Sindh 712** — Muhammad bin Qasim defeats Raja Dahir; Umayyad Caliphate.
- **Mahmud of Ghazni** — 17 raids; **Somnath 1025**; brought Al-Beruni.
- **Tarain I (1191)** — Prithviraj wins; **Tarain II (1192)** — Ghori wins.
- **Battle of Chandawar 1194** — Ghori vs Jayachandra.

Chapter 12 — The Delhi Sultanate (1206 – 1526)

12.1 Hook — five dynasties in 320 years

After Muhammad of Ghor's death (1206), his slave-general **Qutb-ud-din Aibak** declares independence and crowns himself Sultan at **Lahore**. For the next 320 years, **five Muslim dynasties** rule Delhi.

#	Dynasty	Years	Founder	Last ruler
1	Mamluk / Slave / Ilbari	1206 – 1290	Qutb-ud-din Aibak	Kayumars
2	Khilji	1290 – 1320	Jalal-ud-din Khilji	Khusrau Khan
3	Tughlaq	1320 – 1414	Ghiyas-ud-din Tughlaq	Mahmud Tughlaq
4	Sayyid	1414 – 1451	Khizr Khan	Alam Shah
5	Lodi	1451 – 1526	Bahlul Lodi	Ibrahim Lodi (d. Panipat I)

KEY FACT

Mnemonic — "MKTSL" (Mamluk-Khilji-Tughlaq-Sayyid-Lodi): **"My Kind Teacher Said Listen"**

Quick facts per dynasty (the one thing per dynasty examiners test): - Mamluk: **Ilutmish** = silver tanka + Iqta system; **Razia** = only woman sultan; **Balban** = "Zillullah" - Khilji: **Alauddin** = market controls + Chittor 1303 + Malik Kafur - Tughlaq: **Muhammad bin Tughlaq** = capital transfer + token currency; **Firoz** = canals + moved Ashokan pillars - Sayyid: weakest dynasty — just know the name - Lodi: **Sikandar** moved capital to Agra 1504; **Ibrahim Lodi** died at Panipat I 1526

EXAM ALERT

Mnemonic — "MKTSL" (Mamluk-Khilji-Tughlaq-Sayyid-Lodi). Or: **"My Kind Teacher Said Listen"** — gives the dynasties in order.

12.2 The Mamluk / Slave dynasty (1206–1290)

Ruler	Reign	Must-know
Qutb-ud-din Aibak	1206–10	Founder; built Quwwat-ul-Islam mosque (first mosque in India) + began Qutb Minar (Delhi); died playing chaugan (polo) at Lahore.
Ilutmish	1211–36	Real consolidator; introduced silver tanka + copper jital (currency); organised Iqta system ; created Turkan-i-Chihalgani (40 nobles); completed Qutb Minar; received caliphate investiture.
Razia Sultana	1236–40	First + only woman ruler of Delhi ; daughter of Ilutmish; killed at Kaithal.
Balban	1266–87	"Iron-blood policy"; introduced Persian court rituals — sijda (prostration) + paibos (kissing feet); theory of kingship "Zillullah" (Shadow of God); crushed Mewatis.
Kayumars	1287–90	Boy-king; killed by Jalal-ud-din Khilji.

12.3 The Khilji dynasty (1290–1320)

- **Jalal-ud-din Khilji** (1290–96) — founder; killed by his nephew.

- **Alauddin Khilji** (1296–1316) — **the greatest Khilji**.
- Conquests: **Gujarat (1299)**, **Ranthambore (1301)**, **Chittor (1303)** — Padmavati legend, Rani Padmini's jauhar.
- South expedition under **Malik Kafur** — Devagiri (Yadavas), Warangal (Kakatiyas), Dwarasamudra (Hoysalas), Madurai (Pandyas) — 1307–13.
- **Market reforms** — fixed prices in 3 markets (grain, cloth, horses); appointed **Diwan-i-Riyasat** (market controller).

- **Khusrau Khan** (1320) — last Khilji; killed by Ghazi Malik.

COMMON TRAP

Trap — "**Padmavati at Chittor**" — **the year is 1303**, not 1301 (Ranthambore) or 1305. The Rajput rani's **jauhar** is symbolic; the historical Padmavati is debated, but the **fall of Chittor (1303)** is real.

12.4 The Tughlaq dynasty (1320–1414)

Ruler	Reign	Must-know
Ghiyas-ud-din Tughlaq	1320–25	Founder (was Ghazi Malik); died when wooden pavilion at Afghanpur collapsed (suspected — son Juna Khan / Muhammad).
Muhammad bin Tughlaq	1325–51	Most learned + most controversial. 5 "follies" : (1) capital transfer to Daulatabad (Devagiri); (2) token currency (copper coins as silver value, 1329–32); (3) Khorasan expedition (abandoned); (4) Qarachil expedition; (5) Doab taxation in famine. Ibn Battuta (Moroccan) visited his court 1333–42.
Firoz Shah Tughlaq	1351–88	Built Firozabad (5th Delhi); abolished 23 taxes (kept only Kharaj, Khams, Jizya, Zakat — the 4 Sharia taxes); built canals (Yamuna–Hissar); transported Ashokan pillars from Topra + Meerut to Delhi; first Sultan to impose Jizya on Brahmins .
Mahmud Tughlaq	1394–1414	Reigned during Timur's invasion (1398) — Timur sacked Delhi, massacred residents, took Indian masons to Samarkand.

12.5 Sayyid + Lodi dynasties (1414–1526)

- **Sayyids (1414–51)** — Khizr Khan was Timur's deputy; weakest dynasty; controlled only Delhi + suburbs.

- **Bahlul Lodi** — founder; defeated Sharqis of Jaunpur.
- **Sikandar Lodi** (1489–1517) — shifted capital to **Agra (1504)**; started gaz-i-Sikandari (yard measurement).
- **Ibrahim Lodi** (1517–26) — **last Sultan**; defeated + killed by **Babur at the First Battle of Panipat, 21 Apr 1526**. Only Sultan to die on a battlefield.

12.6 Sultanate art + architecture

Monument	Built by	Notes
Quwwat-ul-Islam mosque	Aibak	First mosque in India; built from temple debris
Qutb Minar (73 m)	Aibak (1199) → Iltutmish (completed); 4th storey damaged by lightning, restored by Firoz Shah	UNESCO WHS 1993

- 5 dynasties: **Mamluk** → **Khilji** → **Tughlaq** → **Sayyid** → **Lodi** (1206–1526).
- **Aibak** = founder + Qutb Minar started; **Iltutmish** = silver tanka.
- **Razia** = only woman Sultan of Delhi.
- **Balban** = sijda + paibos; "Zillullah".
- **Alauddin Khilji** = Chittor 1303; market controls; Malik Kafur south.

- **Ibrahim Lodi** = died at **Panipat I, 1526** vs Babur.

Chapter 13 — Bhakti Movement (12th – 17th c.)

2–3 PYQ marks per History section. Pattern = match saint with state / sect.

13.1 What and why

The **Bhakti movement** is a current of devotional Hinduism that **rejects caste hierarchy, rituals, and Brahmin monopoly** in favour of direct emotional surrender to a personal god. It begins in **Tamil south India (6th–9th c.)** with the Alvars + Nayanars, and spreads to north India after the 12th century.

Two streams:

Stream	God	Examples
Saguna (with form)	Ram / Krishna / Shiva	Tulsidas, Mirabai, Surdas, Vallabhacharya
Nirguna (formless)	Brahman (no idol)	Kabir, Nanak, Ravidas, Dadu

13.2 South Indian roots — Alvars + Nayanars (6th – 9th c.)

- **Alvars** — 12 Vaishnavite saints (devoted to Vishnu); compiled **Nalayira Divya Prabandham** (4,000 verses) by Nathamuni. **Andal** = the only female Alvar ("Tiruppavai").
- **Nayanars** — 63 Shaivite saints (devoted to Shiva); collected in **Periya Puranam** (Sekkizhar). Famous: Appar, Sambandar, Sundarar, Manikkavachakar.

13.3 The Vaishnava acharyas — philosophical Bhakti

KEY FACT

Quick recall — 4 main Vedantic schools (exam favourite):

School	Acharya	Core idea	Region
Advaita (non-dualism)	Shankaracharya	Brahman = Atman; world is maya	Kerala
Vishishtadvaita (qualified non-dualism)	Ramanuja	God is personal; soul + God distinct but related	Tamil Nadu
Dvaita (dualism)	Madhvacharya	Soul + God permanently separate	Karnataka (Udupi)
Shuddhadvaita (pure non-dualism)	Vallabhacharya	Pushtimarg; Krishna bhakti	Gujarat

Mnemonic — "SRMV" = "Smart Rajasthan Minds Value": Shankara (Advaita), Ramanuja (Vishishtadvaita), Madhva (Dvaita), Vallabha (Shuddhadvaita).

Exam shortcut: The one most often tested as a pairing = **Ramanuja + Vishishtadvaita** and **Madhvacharya + Dvaita** (Karnataka). Shankara is too famous to confuse; Vallabha is tested less often.

EXAM ALERT

⚠ **TRAP:** Shankaracharya (788–820 CE) is NOT a Bhakti saint in the traditional sense — he is a philosopher who revived Advaita Vedanta and challenged Buddhism through debate. Examiners sometimes list him among Bhakti saints to trick. His role was philosophical reform, not devotional mass movement. The Bhakti saints (Kabir, Tukaram, Mirabai, Chaitanya) came much later.

Acharya	School	Region	Key idea
Shankaracharya (788–820)	Advaita (non-dualism)	Kerala	Brahman = Atman; world is maya; founded 4 mathas (Sringeri, Puri, Dwarka, Badrinath)

Nimbarka (13c)	Dvaitadvaita	South India	Krishna–Radha worship
Vallabhacharya (15–16c)	Shuddhadvaita (pure non-dualism)	Gujarat	Pushtimarg; Krishna bhakti

Chapter 14 — Sufi Movement (8th – 18th c.)

14.1 What Sufism is

Sufism = mystical, devotional Islam. Emphasises personal experience of divine love (**ishq**), **pir-murid** (master-disciple) chain, devotional music (**sama / qawwali**), and the doctrine of **Wahdat-ul-Wujud** ("Unity of Being", Ibn Arabi).

Sufi orders are called **silsilahs**; ~12 reached India; **4 are exam-critical**.

14.2 The 4 major silsilahs in India

KEY FACT

Mnemonic — "CSNQ" for the 4 major Sufi orders: **Chishti**, **Suhrawardi**, **Naqshbandi**, **Qadiri**. Memory sentence: "**Chishtis Serve Noble Qawwalis**."

Key distinctions — what examiners test: - **Chishti** = most popular in India; **refused state patronage** (unique); Ajmer centre; famous for music (sama/qawwali) - **Suhrawardi** = **accepted state patronage** (contrast with Chishti); Multan centre - **Naqshbandi** = orthodox; **opposed music + dancing**; Sheikh Ahmad Sirhindi "Mujaddid Alf Sani" was their most famous - **Qadiri** = Mian Mir (Golden Temple tradition); Dara Shukoh was a disciple

EXAM ALERT

⚠ TRAP: The Chishti order's defining feature is that they **refused royal gifts and state patronage** — Nizamuddin Auliya famously never visited the Sultan's court. Examiners test this contrast with the Suhrawardi order (which accepted state support). Do not confuse Chishti (Ajmer) with Qadiri (Punjab).

Silsilah	Founder in India	Centre	Famous saints
Chishti	Khwaja Moinuddin Chishti (12c, from Sistan/Persia)	Ajmer	Bakhtiyar Kaki (Mehrauli, Delhi); Baba Farid (Pakpattan, Punjab); Nizamuddin Auliya (Delhi); Nasiruddin Chiragh ("Chiragh-i-Delhi")
Suhrawardi	Bahauddin Zakaria (13c)	Multan + Punjab	Rukn-ud-din Multani; accepted state patronage (unlike Chishtis)

PYQ-style: Amir Khusrau was a disciple of which Sufi saint?

- (a) Khwaja Moinuddin Chishti (b) Baba Farid
(c) **Nizamuddin Auliya** (d) Sheikh Salim Chishti

Ans: (c) Nizamuddin Auliya. Khusrau's tomb is right next to Nizamuddin's in Delhi.

Chapter 15 — Vijayanagar + Bahmani + Deccan Sultanates

15.1 Why these two empires matter

While the Delhi Sultanate consolidated north India, the **Deccan** split into a Hindu south (**Vijayanagar**) and a Muslim north-Deccan (**Bahmani**, later 5 sultanates). Their 200-year rivalry shapes South Indian history.

15.2 Vijayanagar Empire (1336 – 1646)

Item	Detail
Founded	1336 by Harihara I + Bukka I (Sangama brothers)
Capital	Hampi (Karnataka) — UNESCO WHS 1986
Spiritual mentor	Vidyaranya (Sage of Sringeri)
Dynasties	Sangama → Saluva → Tuluva → Aravidu (4 in total)

GREATEST RULER — KRISHNADEVARAYA (R. 1509–1529, TULUVA)

- Wrote **Amuktamalyada** (Telugu poem) + **Ushaparinayam** (Sanskrit).

- Court had the **Ashtadiggajas** ("8 elephants of the directions") — 8 Telugu poets, including **Allasani Peddana** ("Andhra Kavita Pitamaha").
- Patronised **Madhavacharya, Vyasaraaya** (Dvaita scholars).
- Italian traveller **Domingo Paes** described his court.
- Defeated Bahmani successors; conquered Raichur (1520).

BATTLE OF TALIKOTA / RAKSHASI-TANGADI (23 JAN 1565)

Part C — The Mughals + Marathas (1526 – 1803)

The **Mughal Empire** (1526–1857 nominally; effective rule till 1707) is the most-tested medieval-modern dynasty in Indian competitive exams. Six "Great Mughals" (Babur to Aurangzeb), three battles of Panipat, a Sur interregnum (1540–55), an attempt to synthesize Hindu + Muslim traditions, and finally a long Deccan war that drains the empire. Out of the Deccan war emerges **Shivaji's Maratha Confederacy** — which by the mid-1700s becomes the de-facto power in India.

Chapter 16 — The Six Great Mughals

16.1 Babur (r. 1526 – 1530) — the founder

- Full name **Zahir-ud-din Muhammad Babur**; descendant of **Timur** (on father's side) + **Genghis Khan** (on mother's side).
- Came from **Farghana** (Uzbekistan); was driven out + made Kabul his base.
- Four key battles:**

Battle	Year	Defeated	Result
Panipat I	21 Apr 1526	Ibrahim Lodi	End of Delhi Sultanate; founded Mughal Empire
Khanwa	17 Mar 1527	Rana Sanga (Mewar)	Defeated Rajput confederacy

Battle	Year	Defeated	Result
Chanderi	1528	Medini Rai	Consolidated Bundelkhand
Ghaghra	1529	Mahmud Lodi + Afghans	Eastern frontier secured

- Wrote **Tuzuk-i-Baburi (Baburnama)** in **Chagatai Turkic** — first major Mughal autobiography; describes Indian flora, fauna, customs.
- Brought **gunpowder + matchlock muskets + field artillery** ("tulghuma" tactics) to north India — decisive at Panipat.
- Died at Agra; buried at Kabul (per his wish).

16.2 Humayun (r. 1530–40, 1555–56) — the exile

- Inherited a half-built empire; faced rebellions from brothers Kamran, Askari, Hindal.
- **Defeats by Sher Shah Suri: Chausa (1539) + Kannauj/Bilgram (1540)** — driven out of India.
- 15-year exile in **Persia** (Shah Tahmasp's court).
- Reconquered Delhi in **1555** with Persian help; died a year later (Jan 1556) **falling from the library stairs at Sher Mandal (Purana Qila)**.
- Tomb at Delhi — **first garden tomb** in India; UNESCO WHS; commissioned by his widow **Bega Begum / Haji Begum** (1565–72).

16.3 Sur Interregnum — Sher Shah Suri (r. 1540–45)

Though not a Mughal, his **5-year reign sets the template** that Akbar later refines.

KEY FACT

Mnemonic — "GT-RS-PD" for Sher Shah's contributions: **G**rand Trunk Road (Sonargaon → Kabul), **T**omb at Sasaram, **R**upiya coin (silver), **S**arkar-Pargana system (land administration), **P**ostal relay system, **D**ied at Kalinjar 1545.

◀ EXAM SHORTCUT

Quick shortcut: Sher Shah in 5 years did more administrative work than most emperors do in 50. His reforms were so good that Akbar **borrowed** them: Todar Mal's Zabti = Sher Shah's measurement system refined; Grand Trunk Road = still in use.

EXAM ALERT

⚠ TRAP: The **silver Rupiya** was introduced by **Sher Shah Suri** (1540–45), NOT by the Mughals. Candidates often attribute it to Akbar or Aurangzeb. Sher Shah also standardised weights and measures — an early standardisation effort. Also: Sher Shah was NOT a Mughal — he was a **Sur Afghan** who defeated Humayun and ruled 1540–45 in the Mughal interregnum.

- **Born Farid Khan;** given title "Sher Khan" for killing a tiger.
- Built the **Grand Trunk Road** (Sonargaon, Bengal → Kabul) and built **1,700 sarais** (rest-houses) along it.
- Issued the **silver Rupiya** (~178 grains) — the basis of the modern rupee.
- Re-organised **Iqta** into **Sarkar → Pargana** units.
- **Postal system** — relay of horse-borne dak.
- Land revenue — **measurement + classification** (good/middle/bad) = ancestor of Todar Mal's zabti.

- Built **Purana Qila + Sher Shah's tomb at Sasaram** (Bihar) — finest Indo-Islamic tomb in pre-Mughal style.
- Died in an accidental gunpowder explosion at **Kalinjar fort (1545)**.

16.4 Akbar (r. 1556 – 1605) — the consolidator

- Crowned at **Kalanaur (Punjab)** at age 13 (1556); regent **Bairam Khan** ran the government 1556–60.
- **Second Battle of Panipat (5 Nov 1556)** — Bairam Khan + Akbar defeat **Hemu (Hemchandra Vikramaditya)** — last Hindu emperor of Delhi.
- **Conquests**: Malwa (1561), Gondwana (Rani Durgavati, 1564), Chittor (1568, Jaimal + Patta), Ranthambore (1569), Gujarat (1572), Bengal (1576), Kashmir (1586), Sindh (1591), Berar-Khandesh (Asirgarh, 1601).
- **Mansabdari system** — military-civil ranks of 10 to 10,000 sawars (cavalry); **dual ranks zat + sawar**.
- **Land revenue (Todar Mal, 1580) — Zabti / Dahsala system** — 10-year average yield in rupees per bigha; ~33% of produce.
- **Religious policy**: abolished **jizya (1564)** + pilgrimage tax (1563); **Ibadat Khana** at Fatehpur Sikri (1575); **Din-i-Ilahi (1582)** — syncretic monotheism; **Mahzar (1579)** — declared Akbar as final arbiter on religious matters.
- **Nine gems (Navaratnas)**: **Abul Fazl** (Akbarnama, Ain-i-Akbari), **Faizi** (poet), **Tansen** (music), **Raja Todar Mal** (revenue), **Raja Man Singh** (general), **Abdul Rahim Khan-i-Khanan**, **Birbal**, **Hakim Hukam**, **Mulla do Pyaza**.
- **Fatehpur Sikri** (1571–85) — capital for 14 years; **UNESCO WHS**; **Buland Darwaza** built after Gujarat conquest.
- Foreign envoys: **Ralph Fitch** (1583); **Father Acquaviva** (Jesuit from Goa, 1580).

16.8 Three Battles of Panipat — never confuse them

KEY FACT

TIMELINE ANCHOR — 3 Battles of Panipat:

Battle	Date	Mughal/Winner	Loser	Result
Panipat I	21 Apr 1526	Babur	Ibrahim Lodi	Mughal Empire founded
Panipat II	5 Nov 1556	Akbar (Bairam Khan)	Hemu (Hindu king)	Mughal power secured
Panipat III	14 Jan 1761	Ahmad Shah Abdali	Marathas (Sadashivrao Bhau)	Maratha expansion halted

Mnemonic — "BIL → Babur Ibrahim Lodi" (Panipat I); "ABH → Akbar Beats Hemu" (Panipat II); "AAM → Abdali Against Marathas" (Panipat III).

Key insight for exams: Panipat III (1761) is NOT a Mughal battle — the Mughals were already weak. It's the Afghan Abdali vs the Marathas. The British were NOT involved.

EXAM ALERT

⚠ TRAP: Panipat III (14 Jan 1761) is widely confused. The British did **not** fight at Panipat III — they were watching. **Ahmad Shah Abdali (Durrani)** of Afghanistan won. The Marathas were led by **Sadashivrao**

Bhau. This battle created the power vacuum that the British EIC later filled — but the British did not fight here.

Battle	Date	Combatants	Winner
Panipat I	21 Apr 1526	Babur vs Ibrahim Lodi	Babur (founds Mughal empire)
Panipat II	5 Nov 1556	Akbar/Bairam Khan vs Hemu	Akbar
Panipat III	14 Jan 1761	Marathas (Sadashivrao Bhau) vs Ahmad Shah Abdali	Abdali (Marathas crushed)

16.9 Exam hooks — Chapter 16

- **Babur** = Panipat I 1526; *Baburnama* in Chagatai; from Farghana.
- **Humayun** = lost to **Sher Shah at Chausa 1539 + Kannauj 1540**; Persian exile; died falling from library.
- **Sher Shah** = **Rupiya, GT Road, sarais**; died at Kalinjar 1545.
- **Akbar** = age 13 at Kalanaur 1556; **Panipat II (vs Hemu)**; Todar Mal land revenue 1580; jizya abolished 1564; Din-i-Ilahi 1582; Navaratnas; Fatehpur Sikri.
- **Jahangir** = Salim, Nur Jahan; Hawkins (1608) + Roe (1615); miniature painting.
- **Shah Jahan** = Taj Mahal (Mumtaz d. 1631); Red Fort + Jama Masjid; Peacock Throne; capital → Shahjahanabad 1648.

- **Panipat I (1526), II (1556), III (1761)** — Babur–Akbar–Abdali.

Chapter 17 — The Marathas + Decline of the Mughals

17.1 Rise of Shivaji (1630 – 1680)

- Born **19 Feb 1630** at **Shivneri fort** (Pune district); father **Shahji Bhonsle** (Bijapur general); mother **Jijabai**; guru **Samarth Ramdas**.
- Built power from western Ghats — captured Torna (1646), Kondana (Sinhagad), Purandar, Raigad.
- **1659 — Battle of Pratapgarh** — killed **Afzal Khan** (Bijapur general) using a *wagh-nakh* (tiger-claws).
- **1664 — Sack of Surat** (English factory looted).
- **1665 — Treaty of Purandar** with Mughals (Jai Singh I) — surrendered 23 forts.
- **1666 — Agra escape** — was confined by Aurangzeb; escaped in a fruit basket.
- **6 Jun 1674 — Coronation at Raigad** — assumed title "**Chhatrapati**"; ceremony performed by **Gaga Bhatt** of Varanasi.
- Established **Ashtapradhan Mandal** (8 ministers): Peshwa (PM), Amatya (Finance), Sachiv (Secretary), Mantri (Home), Senapati (Army), Sumant (Foreign), Nyayadhish (Justice), Panditrao (Religious head).
- Levied two taxes: **Chauth** (¼ of revenue from invaded territory) + **Sardeshmukhi** (additional 10% as hereditary "chief headman" fee).
- Died **3 Apr 1680** at Raigad.

17.2 After Shivaji

Ruler	Reign	Notes
Sambhaji	1680–89	Captured by Aurangzeb at Sangameshwar; tortured + executed at Tulapur (Mar 1689).

Ruler	Reign	Notes
Rajaram	1689–1700	Carried on resistance from Jinji (TN) for 8 years.
Tarabai (regent for Shivaji II)	1700–07	Held Maratha state during Aurangzeb's invasion.
Shahu	1707–49	Released by Bahadur Shah I; rules from Satara; Peshwa Balaji Vishwanath rises.

17.3 The Peshwa era (1713 – 1818) — Peshwa = effective ruler

Peshwa	Years	Key acts
Balaji Vishwanath	1713–20	First Peshwa under Shahu; secured Maratha swaraj + chauth/sardeshmukhi rights over Mughal Deccan via Sayyid brothers (1719).
Baji Rao I	1720–40	Greatest Peshwa ; never lost a battle in 41 campaigns; conquered Bundelkhand, Malwa, Gujarat; raid on Delhi (1737); inducted Holkars (Indore) , Scindias (Gwalior) , Gaekwads (Baroda) , Bhonsles (Nagpur) into a confederacy.
Balaji Baji Rao (Nana Saheb)	1740–61	Empire reaches peak — Maratha army even camps at Attock (NW frontier); but suffers the catastrophe of Panipat III .
Madhav Rao I	1761–72	Recovered Maratha power after Panipat III; "the last great Peshwa".
Narayan Rao → Raghunath Rao → Madhav Rao II	1772–95	Civil war + 1st Anglo-Maratha.
Baji Rao II	1796–1818	Last Peshwa; signed Treaty of Bassein 1802 with British (subsidiary alliance); pensioned to Bithoor (Kanpur) after 3rd Anglo-Maratha war.

17.4 Third Battle of Panipat (14 Jan 1761) — Maratha catastrophe

- **Combatants:** Marathas (commander **Sadashivrao Bhau**, with Vishwasrao + Ibrahim Khan Gardi's artillery + ~100,000 troops + camp followers) vs **Ahmad Shah Abdali (Durrani)** of Afghanistan, allied with the Rohillas (Najib-ud-Daulah) + the Nawab of Awadh (Shuja-ud-Daulah).
- **Result:** Marathas crushed — Sadashivrao Bhau, Vishwasrao + ~40,000 Maratha soldiers killed.
- **Why it matters:**
 - Maratha northward expansion halted.
 - Created a **power vacuum** in north India that the **British EIC** eventually filled.
 - Abdali could not stay in India; Maratha power **revived locally** under Madhav Rao I but never recovered the same primacy.

COMMON TRAP

Trap — Panipat III (1761) was NOT a British victory. The British were not a combatant — they exploited the **power vacuum** later. The Afghan **Ahmad Shah Abdali** won the battle but withdrew.

17.5 The Anglo-Maratha Wars (1775 – 1818)

War	Years	Outcome / treaty
First Anglo-Maratha War	1775–82	Treaty of Salbai 1782 — status quo ante; British recognise Madhav Rao II.
Second Anglo-Maratha War	1803–05	British (Wellesley) defeat Scindia (Assaye, Laswari) + Bhonsle (Argaon, Adgaon); Treaty of Bassein (Dec 1802) with Peshwa Baji Rao II = key prelude.
Third Anglo-Maratha War	1817–18	British (Lord Hastings) crush Peshwa Baji Rao II (Khirkee), Holkar (Mahidpur), Bhonsle (Sitabuldi). Peshwa-ship abolished ; Maratha confederacy ends.

17.6 Sikh ascendancy (parallel to Marathas)

- **Banda Singh Bahadur** (1708–16) — first Sikh military leader after Guru Gobind Singh; captured Sirhind 1710.
- **12 Misls** (confederacies) — 18th century Punjab.
- **Maharaja Ranjit Singh** (r. 1799–1839) — "Sher-e-Punjab"; unified misls; capital **Lahore**; **Treaty of Amritsar 1809** with British (Sutlej = boundary); secured **Koh-i-Noor** from Shah Shuja of Kabul.
- **First Anglo-Sikh War (1845–46)** — Treaty of Lahore.

After Aurangzeb (1707):

- **Bahadur Shah I (1707–12)** — modest revival.
- **Muhammad Shah "Rangila" (1719–48)** — **Nadir Shah's invasion (1739)** — looted **Peacock Throne + Koh-i-Noor**; massacre in Delhi.
- **Ahmad Shah Abdali's invasions** — 1748, 1757, 1761.
- **Shah Alam II (1759–1806)** — defeated at **Battle of Buxar (1764)**; granted **Diwani of Bengal, Bihar, Orissa** to EIC by **Treaty of Allahabad (1765)**.
- **Bahadur Shah II Zafar (r. 1837–57)** — figurehead emperor; named by 1857 mutineers as their leader; exiled to **Rangoon (Yangon)**; died 1862.

- **Sambhaji** executed by Aurangzeb 1689.
- **Peshwa Baji Rao I** (1720–40) = "greatest"; assembled the confederacy.
- **Balaji Baji Rao** (Nana Saheb) — peak under him; **Panipat III 1761**.
- **Panipat III (14 Jan 1761)** = **Sadashivrao Bhau vs Ahmad Shah Abdali**.
- **Treaty of Bassein 1802** = Baji Rao II + British (sub. alliance).
- **3 Anglo-Maratha wars**: 1775–82 (Salbai), 1803–05 (Assaye), 1817–18 (Peshwa-ship abolished).
- **Ranjit Singh** = "Sher-e-Punjab"; **Treaty of Amritsar 1809**; Punjab annexed **1849**.
- **Nadir Shah** = 1739 (Peacock Throne + Kohinoor).

Part D — Colonial India + Freedom Struggle (1600s – 1947)

Three and a half centuries of Indian history — from Vasco da Gama's landing at Calicut (**1498**) to Independence (**15 Aug 1947**) — generate roughly **40% of every SSC / RRB / Banking / state-PSC history paper**. The two questions examiners reach for most often: "**Who introduced which reform?**" and "**In which year did Gandhi do X?**" This Part walks through it in five movements: European arrival, EIC consolidation, Crown rule + early nationalism, Gandhian era, Independence + Partition.

Chapter 18 — Europeans Arrive in India

18.1 The five European trading companies

KEY FACT

Mnemonic — "P-D-E-D-F" for European powers in order of arrival: **P**ortuguese (1498), **D**utch (1602), **E**nglish (1600 charter, 1608 India), **D**anish (1620), **F**rench (1664).

Or: "**Pretty Dutch Explorers Dress Fine.**"

Key dates to memorise (repeat-PYQs): - Portuguese in India: **1498 — Vasco da Gama at Calicut** - EIC Charter: **31 Dec 1600 — Queen Elizabeth I** - Madras / Fort St George: **1639** - Bombay: **1668** (Charles II's dowry from Portugal) - Calcutta / Fort William: **1690 — Job Charnock** - French HQ: **Pondicherry 1674 — Francois Martin**

EXAM ALERT

! TRAP: The English EIC received its charter in **1600** but reached India only in **1608**. Examiners ask "when did EIC arrive in India?" — the answer is **1608** (first ship), not 1600 (charter date). Similarly, the Portuguese arrived in **1498** (Vasco da Gama), but Goa was conquered only in **1510** by Albuquerque. Do not mix arrival with conquest.

Power	Year arrived	First settlement	Main centres in India
Portuguese	1498 (Vasco da Gama at Calicut)	Cochin 1503	Goa (1510, Albuquerque), Daman, Diu
Dutch (VOC)	1602 (chartered) — India 1605	Masulipatnam	Pulicat, Surat, Nagapattinam
English (EIC)	1600 (royal charter) — India 1608	Surat 1613	Madras 1639 (Day) — Bombay 1668 — Calcutta 1690 (Charnock)
Danish	1620	Tranquebar	Serampore (Bengal)
French (CIO)	1664	Surat 1668	Pondicherry 1674 (Francois Martin), Chandernagore

KEY FACT

Anchor facts — repeated almost every paper

- **Vasco da Gama** — landed at **Calicut, 17/20 May 1498**; guided by Gujarati pilot Abdul Majid; hosted by the **Zamorin**.
- **EIC charter** — granted by **Queen Elizabeth I on 31 Dec 1600**.
- **Sir Thomas Roe** — secured Surat trading rights from **Jahangir (1615)**.

- **Madras = Fort St George (1639); Bombay** = Charles II's dowry from Catherine of Braganza, leased to EIC 1668 for £10/year; **Calcutta = Fort William** founded by Job Charnock 1690.
- French HQ: **Pondicherry** (Francois Martin, 1674).

18.2 The Carnatic Wars + Anglo-French rivalry

War	Years	Trigger	Result
First Carnatic	1746–48	Austrian Succession war in Europe	Treaty of Aix-la-Chapelle; Madras restored to British
Second Carnatic	1749–54	Succession disputes in Hyderabad + Arcot	British (Robert Clive) prevail; Treaty of Pondicherry (1754)
Third Carnatic	1756–63	Seven Years' War in Europe	Battle of Wandiwash (22 Jan 1760) — Eyre Coote defeats Comte de Lally; French eliminated as political power in India; Peace of Paris 1763 .

Chapter 19 — The English East India Company — Plassey to Crown Rule

19.1 Battle of Plassey (23 Jun 1757)

- **Combatants:** **Robert Clive** (with ~3,000 EIC troops) vs **Siraj-ud- Daulah** (Nawab of Bengal, ~50,000 troops).
- **Backstory:** Black Hole of Calcutta incident (Jun 1756, disputed details); Siraj had captured Calcutta.
- **Mir Jafar** (Siraj's commander) defected to Clive — pre-arranged.
- Siraj's army folded in a single morning at the mango grove of Palashi (Nadia district, Bengal); Siraj fled + was murdered.
- **Mir Jafar** installed as puppet Nawab.
- Significance: **Beginning of British political power in India**; EIC gains effective control over Bengal's wealth.

19.2 Battle of Buxar (22 Oct 1764)

- **Combatants:** **Major Hector Munro** (EIC) vs combined armies of **Mir Qasim (Nawab of Bengal) + Shuja-ud-Daulah (Nawab of Awadh) + Shah Alam II (Mughal Emperor)**.
- Decisive British victory.
- **Treaty of Allahabad (12 Aug 1765)** — Robert Clive negotiated:
- **Diwani of Bengal, Bihar, Orissa** granted to EIC by Shah Alam II (right to collect revenue).
- Awadh restored to Shuja-ud-Daulah on payment of ₹50 lakh indemnity.
- **Dual administration in Bengal** — EIC collects revenue, Nawab handles civil + criminal justice (ended 1772 by Warren Hastings).

COMMON TRAP

Plassey vs Buxar — the classic exam trap

- **Plassey 1757** = vs **Siraj-ud-Daulah** only; **Clive** vs Nawab; a *coup* enabled by Mir Jafar's defection.
- **Buxar 1764** = vs the **triple alliance** (Mir Qasim + Shuja-ud- Daulah + Shah Alam II); **Munro**; a *true military victory*.
- **Plassey gave Bengal; Buxar legalised it** via Treaty of Allahabad (1765).

19.3 Key Acts of British Parliament — 1773 to 1858

Act	Year	Key provisions
Regulating Act	1773	First parliamentary intervention in EIC; Governor-General of Bengal (Warren Hastings, first); Supreme Court at Calcutta (1774); GG controls Bombay + Madras.
Pitt's India Act	1784	Dual control — Board of Control (parliament) + Court of Directors (EIC).
Charter Act	1793	Renewed EIC's commercial monopoly.
Charter Act	1813	EIC monopoly ended (tea + China trade retained); ₹1 lakh/year for education; Christian missions allowed.
Charter Act	1833	First GG of India (William Bentinck); central legislature; Macaulay's Law Commission appointed; EIC purely administrative.
Charter Act	1853	Open competition for civil services; separate executive + legislative councils.
Government of India Act	1858	EIC abolished; Crown rule begins ; Secretary of State for India + 15-member Council; GG becomes Viceroy (Canning was first).

19.4 Methods of British annexation

KEY FACT

Mnemonic — "R-S-D" for 3 British annexation policies: Ring Fence (Warren Hastings — defensive), Subsidiary Alliance (Wellesley 1798 — offensive-defensive), Doctrine of Lapse (Dalhousie 1848 — aggressive).

Subsidiary Alliance — exam shortcut: The first state to sign = **Nizam of Hyderabad (1798)**. Peshwa Baji Rao II signed = Treaty of Bassein (**1802**). This is how the British got Maratha-territory footholds.

Doctrine of Lapse — states taken by Dalhousie: "SJ-SJNJ" = **Satara**, **Jaitpur**, **Sambhalpur**, **Jhansi**, **Nagpur**, **Udaipur** (Udaipur). All adopted heirs rejected; states annexed.

EXAM ALERT

⚠ TRAP: The **Doctrine of Lapse** was Dalhousie's policy — but examiners sometimes ask which state was taken under it. **Jhansi (1853)** is most famous. **Awadh (1856)** was annexed on a different ground — "misgovernance" — NOT under the Doctrine of Lapse. Candidates confuse this constantly. Awadh's king (Wajid Ali Shah) had a natural heir but the state was still taken — that makes it distinct from the Doctrine of Lapse.

Policy	Architect	Mechanism
Ring Fence	Warren Hastings	Defensive buffers around Bengal
Subsidiary Alliance	Wellesley (1798)	Indian ruler accepts British troops in his territory + pays for them; cedes foreign affairs; first signatory — Nizam of Hyderabad (1798) ; Awadh (1801) ; Peshwa Baji Rao II — Treaty of Bassein (1802) .
Doctrine of Lapse	Dalhousie (1848–56)	If a ruler died without a <i>natural</i> heir, his adopted heir would not be recognised + the state would lapse to British. Used at Satara (1848) , Jaitpur , Sambhalpur , Udaipur , Jhansi (1853) , Nagpur (1854) .
Annexation on alleged misgovernance	Dalhousie	Awadh (1856) — directly annexed.

19.5 Land revenue systems

KEY FACT

Quick recall — 3 land revenue systems:

System	Year	Architect	Region	Who pays tax
Zamindari / Permanent Settlement	1793	Cornwallis	Bengal, Bihar, Orissa	Zamindar (fixed forever)
Ryotwari	1820	Thomas Munro	Madras, Bombay	Ryot (peasant) directly
Mahalwari	1822	Holt Mackenzie	NWP, Punjab, CP	Village (mahal) collectively

Mnemonic — "ZRM = Cornwallis-Munro-Mackenzie" (CMM): Zamindari = **C**ornwallis; Ryotwari = **M**unro; Mahalwari = **M**ackenzie. Say: "**Cornwallis Makes Revenue Magic**" → Cornwallis=Zamindari, Munro=Ryotwari, Mackenzie=Mahalwari.

EXAM ALERT

⚠ **TRAP:** The **Permanent Settlement** was "permanent" — meaning the revenue amount was **fixed forever in 1793** and could never be raised. Zamindars benefited enormously because as land productivity grew, they pocketed the surplus. Examiners test this: "Who benefited most from Permanent Settlement?" Answer = **Zamindars**, not farmers or the British government.

Also: **Ryotwari was in Madras + Bombay** (NOT Bengal). A common wrong option is Bengal. Bengal = Zamindari only.

System	Year	Architect	Region	Mechanism
Permanent Settlement / Zamindari	1793	Cornwallis	Bengal, Bihar, Orissa	Zamindars made hereditary owners; pay fixed revenue to British; tenants exploited.
Ryotwari	1820	Thomas Munro + Read	Madras, Bombay	Direct settlement with the ryot (peasant); revenue revised every 30 years.
Mahalwari	1822	Holt Mackenzie + R.M. Bird	NWP, Punjab, parts of CP	Village/mahal as unit; jointly liable.

19.6 Exam hooks — Chapter 19

- **Plassey 1757** = Clive vs Siraj-ud-Daulah; **Mir Jafar's** defection.
- **Buxar 1764** = Munro vs Mir Qasim + Shuja-ud-Daulah + Shah Alam II.
- **Treaty of Allahabad 1765** = Diwani of Bengal/Bihar/Orissa.
- **Warren Hastings** = first GG of Bengal (Regulating Act 1773).
- **William Bentinck** = first GG of India (Charter Act 1833); **abolished sati 1829**; English education (Macaulay 1835).
- **Cornwallis** = **Permanent Settlement 1793**; civil-services reforms.
- **Wellesley** = **Subsidiary Alliance** (1798).
- **Dalhousie** = **Doctrine of Lapse**; first railway (Bombay–Thane 1853); first telegraph (Calcutta–Agra 1854); Wood's Despatch 1854.
- **Canning** = last GG + first Viceroy (Govt Act 1858).

Type	Examples

Mnemonic for centres — "DBK-LJ-B": Delhi–Bahadur Shah, Kanpur–Nana Sahib, Lucknow–Hazrat Mahal, Jhansi–Rani Lakshmibai, Bihar–Kunwar Singh.

EXAM ALERT

⚠ TRAP: Rani Lakshmibai is associated with **Jhansi** but she died at **Gwalior** on 17 June 1858 — NOT at Jhansi. Jhansi fell earlier. She escaped and continued fighting at Gwalior before dying there. Examiners specifically test "where did Rani Lakshmibai die?" Answer = **Gwalior**.

Also: The Revolt started at **Meerut (10 May 1857)** — NOT at Barrackpore. Mangal Pandey's individual act at Barrackpore (29 Mar) was a precursor but the organised revolt began at Meerut.

- **29 Mar 1857** — **Mangal Pandey** fires at Lt. Baugh at **Barrackpore**; hanged 8 Apr 1857.
- **10 May 1857** — **Meerut** sepoys revolt; march to Delhi.

KEY FACT

TIMELINE ANCHOR — Gandhi's 4 mass movements:

Movement	Year	Ended because	Key fact
Non-Cooperation + Khilafat	1920–22	Chauri Chaura (4 Feb 1922) — mob burns police station	First pan-India movement; boycott of schools + courts
Civil Disobedience	1930–34	Gandhi-Irwin Pact (5 Mar 1931)	Dandi March 12 Mar 1930; salt tax defied
Individual Satyagraha	1940–41	Symbolic; 25,000 arrested	Vinoba Bhave = first satyagrahi

Movement	Year	Ended because	Key fact
Quit India	8 Aug 1942	Crushed by Sep 1942	"Do or Die"; leaders arrested at Gowalia Tank, Bombay

Mnemonic — "NC-CD-IS-QI": Non-Cooperation, Civil Disobedience, Individual Satyagraha, Quit India. Or: **"Never Can India Surrender Quickly"** → NC, CD, IS, QI.

EXAM ALERT

⚠ **TRAP — 3 common Gandhi movement mistakes:** 1. Non-Cooperation was withdrawn because of **Chauri Chaura (4 Feb 1922)** — NOT because the British agreed to demands. Gandhi called it off unilaterally after the mob killing of 22 policemen. This was controversial even among Congress leaders. 2. **Dandi March start date = 12 March 1930** (from Sabarmati ashram). The actual salt-making at Dandi = **6 April 1930**. Exam questions test both dates. 3. **Quit India resolution** passed **8 Aug 1942** at Bombay. Leaders were arrested **9 Aug 1942** the very next morning before any movement could begin. **Aruna Asaf Ali** hoisted the Congress flag at Gowalia Tank.

Movement	Years	Triggers	Method	End / result
Non-Cooperation + Khilafat	1920–22	Rowlatt Act + Jallianwala Bagh + abolition of Caliphate	Boycott of schools, courts, titles, foreign cloth	Suspended after Chauri Chaura (4 Feb 1922) — 22 policemen killed by mob; Gandhi unilaterally calls off.

Individual Satyagraha	1940–41	August Offer 1940 rejected	Selected individual satyagrahis	Symbolic; ~25,000 arrested.
Quit India	8 Aug 1942	Cripps Mission failure; WWII	"Do or Die"; Congress leaders arrested 9 Aug at Bombay (Gowalia Tank)	Crushed by Sep 1942; Aruna Asaf Ali hoisted flag at Gowalia Tank; underground network (Usha Mehta's secret radio); RIN Mutiny 1946 follows.

Women firsts in INC: - **Annie Besant (1917 Calcutta)** = first woman President (she was British, not Indian)

EXAM ALERT

⚠ TRAP: "First woman President of INC" = **Annie Besant (1917)**. "First Indian woman President of INC" = **Sarojini Naidu (1925)**. These two are confused in options — the year and nationality matter. Annie Besant was British; Sarojini Naidu was Indian. Both are correct answers to different question framings.

🕒 CHAPTER SUMMARY — EVERYTHING IN ONE VIEW

Part E — Post-Independence India (1947 – today)

Chapter E1 — Integration of Princely States

At Independence, **562 Princely States** existed alongside British India. **Sardar Vallabhbhai Patel** (Iron Man of India, 1st Home Minister) and **V.P. Menon** (ICS officer, key architect) were the two men who achieved integration — Patel supplied the political will; Menon drafted the legal machinery.

Instrument of Accession

Rulers signed the Instrument of Accession on **three subjects only**: Defence, External Affairs, and Communications. Everything else remained with the state. The accession was NOT a merger — it was a conditional transfer of limited powers.

Key State-by-State Cases (exam-tested individually)

State	Method	Year	Special notes

Travancore	Negotiation under pressure	1947	Dewan C.P. Ramaswami Iyer declared independence; joined after political pressure and popular agitation
Bhopal	Negotiation	1949	Nawab Hamidullah Khan was reluctant; eventually signed after prolonged persuasion

COMMON TRAP

Emergency (1975–77) trap: Emergency was declared **June 25, 1975**, NOT during or right after the 1971 Bangladesh war. The trigger was the **Allahabad HC judgment of June 12, 1975** disqualifying Indira Gandhi from her Rae Bareilly constituency — 3.5 years after the 1971 war ended.

(b) India's second nuclear test (1998)
(c) Liberation of Goa (1961)

Chapter E4 — Post-Liberalisation and Recent Milestones

1991 Economic Liberalisation — LPG Reforms

Context: India faced a severe **Balance of Payments (BoP) crisis** in 1991 — foreign exchange reserves fell to just 2 weeks of import cover. India was on the verge of sovereign default.

Crisis response: - India pledged **67 tonnes of gold** (RBI gold) to the Bank of England and Bank of Japan as collateral to secure an IMF loan - PM **P.V. Narasimha Rao** and Finance Minister **Manmohan Singh** introduced sweeping reforms

LPG Reforms:

Reform pillar	Key measures
Liberalisation	Abolished industrial licensing (License Raj); freed prices; reduced bureaucratic controls
Privatisation	Disinvestment in public sector enterprises began
Globalisation	Reduced import tariffs; opened FDI; devalued rupee (two-step devaluation, July 1991)

SEBI given **statutory status** in 1992 (Securities and Exchange Board of India Act 1992).

KEY FACT

1991 finance minister trap: FM = **Manmohan Singh**; PM = **P.V. Narasimha Rao**. Manmohan Singh later became PM (2004–2014). In 1991, Narasimha Rao was PM and Manmohan Singh was Finance Minister — examiners frequently swap these two in options.

Part F — World History

World History appears in SSC CGL (5–8 Qs in GA section), State PSCs, and UPSC GS-I. Focus on revolutions, wars, and key dates — examiners do NOT ask obscure European monarchs; they test pivotal moments and their causes/outcomes.
